WILL SAYS FLAT RADIATOR CAP IS BIG AUTO CHANGE

(Special To The News)

NEW YORK, Jan. 10.—The big automobile sho[w] here in New York this week, and the only change in a whole two billion-dollar industry is they have all stolen the same low flat radiator cap. I[f] I would advertise:

"My car stands well in traffic."

There is millions standing, to where there is not dozens moving.

One-half the world has no excuse for not knowing what the other half is doing nowadays. They are sitting in a taxicab waiting for a green light, the most-looked-forward-to thing in the world today.

Yours,

WILL.

PA NEWC OBSERVES

Resturants are great gathering places. Pa Newc knows one where the boys eat and although the same crowd is not always there, the strangers seem to jump into the bantery, raillery and what not with the acquaintances. It is a most joyous crowd and unique circumstances.

Egg raisers, no I guess you call them egg gatherers, met yesterday throughout the county in a couple of conferences. County Agent Harold McCulloch says that poultry raising and inevitably egg gathering is almost as popular on the farms in the county as square dances. With the high prices paid for eggs more people are specializing in poultry.

People are still going after the auto licenses. Apparently they are not persons who have not owned cars previously but the ones who have just neglected it or perhaps they did not have the dinero. The motor club and aldermen are still filled with orders for the plates.

Save some of your present worthless papers and so on and in a few years they will be more than interesting. Every once in a while some persons brings something into The News, a paper, an old letter or book perhaps, and these old things have a keen personal and historic interest attached to them.

Habitual readers missed the library yesterday. It was closed throughout the day while workmen were installing a new boiler for the furnace. The daily readers who come to peruse other newspapers and periodicals will work double time today.

A young fellow upon noticing the story in Wednesday's News concerning a warning against kissing during the epidemic was joyous when he discovered it stated only "members of the family and friends." That lets out the girl.

Pa Newc notices that window decorators doing the work attract almost as much attention as the window after it has been decorated. Keep men trimming windows all of the time merchants. N. B.—Ten per cent for those who follow the tip.

In the visitation evangelism campaign which is now being conducted in New Castle, a team consists of two persons. The Rev. Dr. A. Earle Kernahan who is directing the campaign is especially pleased with the work of many of these teams. Some duos have turned in as high as 18 Christian decisions for one evenings work. And many others have turned in 12 decisions in one evening.

A tribute to the editor of The News and his staff was paid by Dr. Kernahan Wednesday evening. "Never before have I received the whole hearted support of the newspapers like I have in New Castle," he told the assembled workers at the Highland United Presbyterian church. "And while it may be a trifle early to give thanks, yet I want the boys to know that I appreciate it." "The boys" are the newspapermen, who, although they be octogenarians, are always referred to as "the boys."

A series of letters, written from the battle fronts in the Civil War by Col. Leasure to friends in New Castle are soon to become a daily feature in The News. Doubtless many of the veterans, as well as younger men who

Blymyer Given Life Sentence; Curry On Trial

Fourteen-Year-Old Boy Goes On Trial Today In "Witch Killing" At York, Pa.

BLYMYER THINKS JURORS SEVERE

"Bewitched Pow-Wow" Doctor Undismayed As He Prepares To Start Sentence

By JAMES L. KILGALLEN
International News Service Staff Correspondent

YORK, Pa., Jan. 10.—With John H. Blymyer, the "bewitched pow wow doctor," sentenced to life imprisonment for the brutal murder of Nelson D. Rehmeyer, the Commonwealth of Pennsylvania today prepared to immediately bring the second of the three co-defendants, John Curry, a fourteen year old boy, to trial. Curry was scheduled to appear in court this morning when that matter will be settled.

Blymyer, undismayed by the verdict of the jury, ate a hearty breakfast in the York county jail and calmly awaited the hour when he will be taken to the Eastern penitentiary at Philadelphia to serve his sentence.

Thinks Jury Hard.

"I think the jury was a little hard on me," Blymyer told this writer. "I don't see why they gave me life. I am going to make the best of it.

Kaltenbaugh Only 'Friend' Of Family; Not Sweetheart Of Girl Declares Mrs. Espy

Edward Kaltenbaugh, self confessed murder of John and Bertha Oser of Canal Fulton, O., for whom he worked as a farm hand, was merely a friend of the Espy family of this city, nothing more according to a statement made by Gladys Espy and her mother.

"It is ridiculous to say that he was a sweetheart of my daughter's" said Mrs. Espy. "He was a friend of the family, nothing more. He came to us when he was out of work some time back and we befriended him. He stayed at my home for a short time until he could get work. As to any knowledge of the crime he confesses at Canal Fulton we knew nothing of it until informed by the officers. Unfortunately Gladys has been mentioned in the case because of Kaltenbaugh's having stayed here a short time."

Took Her Out a Little.

"He took Gladys out once in a while but as to his going with her it is not true. I do not know enough about Kaltenbaugh or his family to say whether or not his mind is affected. Several times he complained about his head hurting him and said that he had fallen through a trap door in a barn when he was younger."

"He was always gentlemanly when he took me out' said Gladys Espy. "I had no suspicion of his part in any crime and when he came back here, supposed that he was just paying us a short visit. I knew that he lived near Grove City and in the short time I knew him heard him say little about his family.'

The Espy family has lived in New Castle but a few years coming here from Crawford county. They are hard working people and feel very keenly the notoriety that has indirectly come to them because of their acquaintanceship with Kaltenbaugh.

Senate Convenes Hour Earlier To Speed Up Action

Administration Leaders Are Plainly Worried By Prolonged Treaty Debate

HOPE TO AVOID SPECIAL SESSION

Coolidge Regime Anxious To Enact Farm Relief Measure Before March 4

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Jan. 10.—Fearful that prolonged debate upon the Kellogg-Briand peace treaty may disrupt administration plans for avoiding a special session this spring, Republican leaders today called the senate into sesion an hour earlier than usual.

Administration spokesmen were hopeful of securing a final vote on ratification of the treaty by Saturday but the irreconcilable group plainly indicated they were ready to debate it for many days to come unless a compromise agreement is reached. The irreconcilables were holding out for some arrangement by which the United States can inform the world of the terms under which it ratifies the treaty.

The necessity for speed in disposing of the treaty became apparent when it was rumored the Coolidge administration intends to press for enactment of farm relief legislation before March 4. If the new McNary-Haugen bill should be enacted, it was said, there would be no need for a special session of congress until next September and the newly installed president can have six months in which to arrange his administration before facing congressional hurdles.

Debate Blocks Action.

The treaty debate, which has lasted a week, has blocked all action on the administration's new cruiser bill.

Woman Asks Share Of $1000 Reward Fund For Slayer's Capture

In the division of the reward of $1000.00 for the capture of Edward Kaltenbaugh, confessed slayer of John and Bertha Oser of Canal Fulton, O., Mrs. Sol Festosa of 12 Cass street near Cascade park believes that she is entitled to a portion of the money.

Her reason for this belief is that she was the one who first notified the officers of Kaltenbaugh being at her home, gave the officers the name of Gladys Espy who he had come here to see and through this information Kaltenbaugh was captured at his home near Grove City.

"When I gave the information I had no thought of reward" said Mrs. Festosa, "nor was I thinking of any reward for what I was doing. My only thought was to lend what assistance I could in the apprehention of a dangerous criminal Since the capture of Kaltenbaugh it has developed that $1000.00 reward was offered for information leading to the arrest and conviction of the man, and in the light of these facts, I believe that I am entitled to a major portion of the reward money." Mrs. Festosa has retained attorney Orville Brown to look after her interests in the matter. Mr. Brown has already filed application for a portion of the reward in behalf of his client.

In Her House

"On Tuesday evening about 7:05 o'clock, Kaltenbaugh came to my home" said Mrs. Festosa. "He appeared nervous and wanted to use the phone, which I permitted him to do. As he was talking to some friend he mentioned the name of Gladys Espy as the girl he wanted to get in

Reward Will Be Divided, It Is Believed

Number Of Police And Others Probably To Share In Kaltenbaugh Reward

There are quite a number of persons in this city, who will figure in the division of the thousand dollar reward offered for the arrest and conviction of Edward Waltenbaugh, aged 21, murderer of John and Bertha Oser of Canal Fulton, Ohio, it is indicated.

Just how this reward is to be or will be divided is a matter of conjecture at this time, but among those who will likely participate are several members of the New Castle police department.

In addition to the members of the police department, there are others, who participated in the actual establishment of the identity of Kaltenbaugh, which led to his arrest, who may be expected to share in the reward, which is $1000.

Sheriff Ed Gibson of Stark county, Ohio, stated here that the reward would be paid over to the police department of this city. It is assumed that he meant that it would be turned over to the local police to distribute among those, who are found to be entitled to share in it.

APPEAL TAKEN IN COMMISSION CASE

An appeal from the decision of Alderman Mantz has been filed in the case of W. M. Nunn against W. A. Dibley. This was a case in which suit was brought to recover a commission alleged to be due Nunn on the sale of a property for Dibley. The amount for which judgment was given was $235.

Church Visitation Campaign Workers Reports Now Near 1000

Hundreds Of Church Workers Taking Part In Notable City Campaign

Three More Report Meetings To Be Held; Two On Friday Night

With almost 1,000 persons already secured as church members in the Kernahan visitation evangelism campaign, over 400 workers are now swinging through the last two days of the campaign's activity. Men and women are working morning, afternoon and evening to make this one of the most memorable weeks in New Castle's religious history.

Only three more meetings remain before the campaign will be closed. This evening the workers will meet at a report supper in the Highland United Presbyterian church at 6:15 o'clock; Friday evening the same workers will again meet at 6:15 to report the number of Christian decisions that they got Thursday evening. At 9:30 Friday evening the final meeting of the campaign will

Promotions At Citizen's Bank

Balph, Maher And Dinsmore Are Advanced In Positions

ACTION IS TRIBUTE TO MEN'S SERVICE

With the announcement of the annual meeting of the Citizens' National bank comes the additional announcement that Cashier George R. Balph has been elevated to the position of Executive Vice Presideint; Assitant Cashier John J. Maher has been elevated to the position of Cashier and Teller; Harry C. Dinsmore has been advanced to the position of Assistant Cashier.

The promotions come as a tribute to the loyalty and efficiency of the three men named all of them having spent many years in the service of the bank. Mr. Balph began his service 31 years ago as a teller and from this position worked his way up to that of cashier. He has served as cashier of the bank for a number of years and the directors felt that he would be of even larger service to the organization as the Executive Vice President.

Civil War Letters Of Col. D. Leasure Will Be Published

Don DuShane Discovers Letters Of Civil War Colonel In Trunk Of Father

Written from the various battle fronts and giving clear, concise accounts of the action, and particularly accounts of the activities of the famous Pennsylvania Roundhead regiment, letters from Col. Daniel Leasure to friends in New Castle will be published as a daily feature in The News beginning Monday, Jan. 14.

These letters were in an old trunk belonging to the late Col. J. S. DuShane and recently were uncovered by Don DuShane, his son.

They are highly prized by Mr. DuShane because of their historical value and because they were the property of one of his father's friends. They will be of unusual interest to the public, it is believed.

E. H. Sothern, Noted Actor Visits City; Advises Play House

If New Castle cannot support a theater wherein the best plays are produced, there should be one that is partially supported by the people, stated Edward Hugh Sothern, noted actor, writer and artist, who is in New Castle today prior to his lecture engagement at Westminster College this evening.

The English speaking countries are the only ones which do not have theaters which are endowed by the government annually. In the foreign countries a national theater is prevalent in every large city and a very small charge is made. The consequence is that every element of people know the better drama and appreciate it.

Mr. Sothern, when interviewed this morning, stated that a part of the lack of appreciation for Shakespeare, the plays of whom Mr. Sothern is particularly interested, is not taught correctly in the public schools. They are taught as a dry type of literature

Health Officials In Conference To Combat Flu Germ

Medical Scientists Of International Fame To Study Influenza Germs

SEEK TO PREVENT FUTURE EPIDEMICS

By ROBERT S. THORNBURGH
International News Service Staff Correspondent

WASHINGTON, Jan. 10.—Medical scientists of international reputation, and health officers from many states gathered here today for a conference. They hope to discover the cause of influenza and agree on steps to prevent recurrences of serious epidemics in the future.

Opening the conference Surgeon General Hugh S. Cumming addressed a distinguished gathering, including Dr. Simon Flexner of Rockefeller laboratories, New York; Professor Edwin O. Jordan of Chicago university, Dr. M. J. Rosenau of Harvard medical school, Dr. E. C. Rosenow, chief of the experimental bacteriological section of the Mayo foundation of Rochester, Minn.; Dr. W. H. Howell of Johns Hopkins, Baltimore, and others.

Dr. F. W. Draper of the public health service, who arranged details of the conference, said that a specific vaccine of serum must be used in the treatment of influenza and that it would have no beneficial effects in the prevention of colds or pneumonia.

Abating in West.

The conference planned a careful study of the present epidemic and a comparison of the disease with that of 1918. Reports from the western and mid-western health officers where the epidemic has passed its crest were expected to be valuable. These health officers also were looked to for ideas as to prevention of spread of the disease in the east.

A warning that the present epidemic of influenza may be followed by a more severe type with a higher mortality rate was given the conference in a statement by Surgeon General Hugh S. Cumming.

It was ironic that on the day of the conference the surgeon general—the highest government medical officer—was taken ill with influenza and confined to his bed. Cumming caught cold while in Chicago some time ago and last night was forced to bed with a high temperature.

Politicians In Droves Crowd Hotel Headquarters With Cabinet Possibilities

Some Believe Hoover Has Already Made Selections Of His Official Family

By GEORGE R. HOLMES
International News Service Staff Correspondent

WASHINGTON, Jan. 10.—Herbert Hoover is putting in union hours listening to the volunteer cabinet-makers. His visitors fairly tread on each other's heels as they pass, endless chain fashion, in and out of his big suite at the Mayflower hotel.

He listens, occasionally asks a question, but for the most part permits his visitors to do the talking. If he has made any committments at all—save that concerning the retention of Andrew W. Mellon as secretary of the treasury—political Washington does not know of it, despite its ear-to-the-keyhole attitude.

Is Good Listener.

The stock question asked all visitors as they emerge from the president-elect's office, which is buried deep in the centre of his twelve-room lay-out, is: "and what did he say?" Invariably the reply is: "Well, he appeared interested, and he listened."

As a listener and as one who can

Don't kiss the doctors wildly cry, or you will get the flu, don't kiss your wife, don't kiss your girl, its not the thing to do. For in those blissful moments lie the danger of a germ, and it will lay you in your bed, and there you'll twist and squirm. That good night kiss, that morning kiss, that kiss before you eat, pass up my friend if you would miss the family doctor's treat. But do the lads and lassies do what doctor's always say, and do they pass their kisses up, no no likewise, nay, nay. Let germs abound on ever hand, particularly lips, let flu and cold lay there in wait, accompanied by grippe. They'll still take chances just the same, the same my friend as you, for they believe its worth the chance, the weather's forty-two.

Braham Renamed Red Cross Head

Most Of 1928 Officers Are Reinstated At Annual Meeting Of Board

Dempsey, Also Re-elected, Gives Resume Of Work Done Last Year

Attorney W. Walter Braham of this city was re-elected chairman of the executive board of the Lawrence county chapter of the American Red Cross for 1929 at the organization's annual meeting on Wednesday night. Mrs. David Ritchie was named vice chairman.

Aside from considering other important matters of business, the members of the committee selected officers for other positions in the chapter and added a few names to the executive committee. Norman E. Clark was re-elected treasurer and Pat J. Dempsey executive secretary for another year.

New directors to replace the positions left vacant by recent resignations were also chosen. Ivor V. Davis, commander of the local American Legion post; Orville Potter, commander of the local post of the Veterans of Foreign Wars; Attorney Clarence A. Patterson and Julius Blaha were named to succeed Harry L. Alexander, Miss Jessie Wilson and J. M. Houston of New Wilmington, who have resigned. Blaha was named as an additional director. They will serve for one year.

In regard to the Community Chest of New Castle, the chapter decided to continue with it for the present year. It was the belief of the board, however, that the chapter should have representatives on the Community Chest board.

During the meeting the members of the chapter voted to hold monthly meetings on the second Monday of every month so as to establish for certain meetings each month.

Reports of the organization were read by the executive secretary and other officers. One showed that a total of $2,199.37 was forwarded to the national headquarters of the organization for relief and rehabilitation work in connection with the West Indies-Florida hurricane disaster in 1928.

Other reports were also given and parts of them will be printed later on.

Whola whola. One of the small town stores out in the county district pulls a dandy. It was the general loafing place and one young shieker would come in and ask the general store merchant where a certain one of the gang was. So many did this that the merchant, a young buck, originated a new system. He had a card on the wall and each night before any of the tribe left town, they had to come in and sign the chart.

Pa Newc hears more people lamenting the rain because it will spoil the ice and skating; sees a man carrying flowers down street yesterday through the cold; feels that people who go through stop lights without seeing them should be pinched anyway; believes that he saw a car of a 1912 vintage yesterday.

keep his own counsel. Mr. Hoover is proving daily that he hasn't been sitting at the foot of Mr. Coolidge's cabinet for five years for nothing.

The reticence of the president-elect concerning his cabinet appointments has given rise to many rumors, and it is giving a good deal of left-handed courage to those who are backing various candidates for jobs. They apparently feel that so long as there is reticence there is hope.

Announcement Shortly.

There are rumors that Mr. Hoover already has made up his mind concerning his official family, and that he is merely going through the ceremony of listening to this endless stream of recommendations merely out of politeness and a sense of political duty. There are other rumors that he will announce his entire cabinet before leaving for Florida next week; there are still others that he won't even begin the actual consideration of a slate until he is safely away from the pulling and hauling of capital politicians.

The truth probably lies somewhere between. Undoubtedly, the president-elect has settled upon some of the men he wants around his cabinet table for the next four years. But he doesn't choose yet to make the information public. There is still plenty of time. It is seven weeks yet before inauguration. And to announce half a cabinet would only increase the pressure upon him for the remaining places.

BLYMYER GIVEN LIFE SENTENCE; CURRY ON TRIAL

(Continued From Page One)

though. There is nothing else to do. I feel all right. I am no longer hexed by Rehmeyer, and that's something to be thankful for."

The superstitious, witch-believing Blymyer had presented in court one of the most remarkable defenses for murder in modern times. On the witness stand in his own behalf he calmly confessed that he, Curry, and Wilbert Hess, had slain Rehmeyer, whom they believed was a "witch" who had cast an evil spell over them. Moreover, Blymyer declared he firmly believed, and still believes, that he did "the right thing" in killing the aged farmer recluse.

Blymeyer Relieved.

He indicated that Curry and Hess felt the same way about it. There was no doubt whatever in Blymyer's mind that by doing away with Rehmeyer they had removed an evil spirit who "hexed" him and the others, and who was responsible for all his hard luck.

It was Mrs. Emma Knopp, an aged, bent and almost toothless pow wow doctor, who revealed to Blymyer, he said, that Rehmeyer was the one who was casting the evil spell over him, Curry and Hess. They would not have beaten Rehmeyer to death if he had not resisted their efforts to clip a lock from his hair or get a book he had called "The Long Lost Friend."

Whether Young Curry still believes the same way as Blymyer does will be revealed at his trial. The county of York is manifesting the greatest interest in the case because of the accusations that witch craft flourishes hereabouts to a virulent extent. Probably no trial within the memory of this old historical city has attracted such wide attention.

Satisfaction Expressed.

YORK, Pa., Jan. 10.—General satisfaction was expressed today by residents of York county in the conviction of Blymyer, sometimes termed "The Witch of York" because of his pow wowing proclivities. The rank and file feel that the community has been given a black eye by the activities of the practitioners of the black arts, who prey upon the superstitious, and they see in the conviction of Blymyer an indication of the sentiment of the people in this, and adjoining counties.

Witchcraft has been practiced to a larger extent in this old Pennsylvania Dutch community than in most rural sections, it is conceded by many well informed persons, but they contend that with the coming of twentieth century inventions such as the radio and the airplane, the ancient ideas, handed down from one generation to another in York county, are gradually changing and that it is only a question of time when voodooism, sorcery and other old fashioned rites will gradually pass away.

The trials of Blymyer, John Curry and Wilbert Hess, local spokesmen say, will have a salutory effect in driving "witch doctors" and their like into oblivion.

SENATE CONVENES HOUR EARLIER TO SPEED UP ACTION

(Continued From Page One)

The naval measure, laid on the shelf temporarily, faces even stiffer opposition than that now confronting the treaty. Administration leaders have conceded that it will take two weeks, at least, to enact it. Its opponents say this is impossible and that debate may last a month.

In either event, the farm relief bill will be held in the background until the senate has acted on both treaty and naval bill. Any other procedure might easily lead to defeat of both measures in a final filibuster toward the close of the present session.

The treaty fight has resolved itself into a question of how best to state the American terms of ratification, without offending the state department. Most of the irreconcilable leaders have agreed that American interests will be protected amply if the senate foreign relations committee files an unanimous report, setting forth its own interpretations of the treaty. In any dispute of the future over what the United States intended by its ratification of the treaty, both groups believe this report could be used to emphasize the American purpose.

to impress his girl, in New Castle, Pa., led him to kill Mr. and Mrs. Oser, the youth says. After shooting Oser, he also shot Mrs. Oser, dragged her body from the house, beat her head with rocks and left it near the garage, according to Kaltenbaugh's signed statement.

The case will probably be presented to the grand jury, which is now in session here, the first of the week. The court battle will be fought out, almost certainly, on the issue of Kaltenbaugh's sanity, according to prosecutor Harter.

"I feel awfully bad about it," Kaltenbaugh said, sitting in his cell, grinning. "I suppose I'll get the electric chair. I wanted an automobile and it came over me all of a sudden that that was the way to get it. The little boy was asleep, so I didn't do anything to him.

Not at Morganza.

CANONSBURG, Pa., Jan. 10.—A check of the records of the Pennsylvania Training school at Morganza today revealed that Eddie Kaltenbaugh, 21, confessed dual slayer, never was an inmate of the institution, as had been reported.

Records show that Kaltenbaugh was first arrested in Mercer county for passing bad checks, and given a suspended sentence by Judge J. A. McLaughrey.

On July 1, 1926, he was arrested charged with passing a bad check for $1,983.30 on a Grove City bank. On July 6 he pleaded guilty and was sentenced to a term in Huntingdon reformatory, from where he was paroled on October 14, 1927.

We see that a judge swallowed his upper false teeth and died from strangulation. Putting teeth in the low is deadly.—The Atlanta, Ga., Constitution.

SKATING SAID TO BE POPULAR HERE

Skating in the surounding districts of the city has been exceptionally good within the past few days according to those who have returned with tales of enjoying the god old winter sport.

At Lakewood Beach near East Brook the management reports that never before was such an interest in skating shown there. Today's rain covered the ice with a skim layer of water but when freezing weather comes persons are assured of even better skating. Night skating is a feature at Lakewood.

Numerous skaters were to be seen on the Neshannock creek about the location of the East Washington street bridge last night. However the ice is somewhat rough there at the present ime.

E. H. SOTHERN, NOTED ACTOR, VISITS CITY; ADVISES PLAYHOUSE

(Continued From Page One)

and the pupil does not get the full benefit of the play until he hears and sees a competent actor enact the roles. The schools, stated Mr. Sothern, are teaching somewhat differently now than formerly and this has been an aid.

Mr. Sothern was more than sorry to hear that the city had no playhouse that catered only to the drama and better types of plays. "If people learn to know these better plays the cheap filth which is permeating the life of the theatergoers today will not be tolerated or attended." This, Mr. Sothern stated, was one cause for many vacant theaters throughout the nation at the present time. People are tiring of the same sex stories and are demanding real acting and real plays.

Speaking further with regards to the city, Mr. Sothern stated that good plays should be imposed upon people as a life in school is really imposed upon children, if such could be called an imposition. Citizens who are desirous of seeing and hearing the best should attempt to remedy this deficiency.

Mr. Sothern, an actor for 50 years, is now 70 years of age. His appearance, however, is that of a man scarcely more than 50. He has acted 65 different Shakespearean roles in his theater life throughout this country and abroad. His wife is the famed actress, Julia Marlowe.

He has a keen remembrance of many of the old actors, such as Joseph Jefferson and the famous Booths. "Eugene O'Neil?" said Sothern, "he is the best that America has today and his 'Strange Interlude' is the masterpiece of the nation today."

The purpose of Mr. Sothern's addresses throughout his lecture tours is to impress upon the minds that good drama is as essential as good music and fine arts. His hope is to impart something with his audiences which will give them a greater understanding for the need of good drama.

WOMAN ASKS SHARE OF $1,000 REWARD FOR SLAYER'S CAPTURE

touch with. As he was talking he said to the person on the other end, did you hear of the murder in Ohio. Then he said, I guess they suspect me of it."

"By this time my suspicion was aroused and I listened. Immediately after he left I called the police station and told them of the man, and told them that he was waiting on the Harmony street car. A few minutes later I called the State police and gave them the same information."

At that time I knew nothing of any reward but had just finished reading an account of the murder in the newspaper. When he said that he though he was under suspicion I became alarmed and felt that the man might do me harm. Reward never entered my head at the time for I was only interested in seeing justice done. However, inasmuch as the reward has been offered, and Kaltenbaugh has confessed to the crime, I feel that I am entitled to part of it. It was the telephone call I made to the police department and the State police that gave them the clue to Gladys Espy and through her they got the name of Kaltenbaugh."

GIFT OF MONEY.

A gift of money which was very much appreciated by the executive committee of the New Castle Americanization society, was a sum of money donated by the guests of the Overlook Sanitarium at New Wilmington.

The money was used for purchasing candy and toys for the children at the Neighborhod House on Scioto street for their Christmas treat.

Mrs. Glauser was a sister of Mrs. B. C. Hinkson of Walnut street, this city. Funeral services took place Tuesday afternoon at 2 o'clock. Interment was made in the Erie cemetery. The pallbeares were nephews of the deceased. They were Wilford, Gerald, Loyal, Don and Richard Hinkson and George Church.

Engineer Subject Of Unusual Attack

Police of this city were informed at 1:45 a. m. today by the Baltimore and Ohio caller that J. J. McGregory, 508 East Moody avenue, got off his engine at the B. & O. station in the seventh ward about 11:45 p. m. and was hurrying down the embankment nearby to get a street car, when suddenly and unexpectedly some man struck him in the face, then ran away toward the Pennsylvania yard office. Officers Hagan and Wallace were advised of the situation and made a thorough investigation of the district without finding the man.

From Messenger To President Of Bank

(International News Service)

BRADDOCK, Pa., Jan. 10.—From bank messenger to bank president is the record of George A. Todd, newly elected president of the Braddock National Bank. Todd entered the service of the bank 40 years ago as messenger and has held practically every office the institution has to offer.

Service Commission Reprimands Public Safety Director

(International News Service)

PHILADELPHIA, Jan. 10.—The Civil Service commission will not tolerate any changes in the sentences it imposes on policemen and firemen, was the edict sent to Director of Public Safety L. B. Schofield today by Herbert W. Salus, secretary of the commission.

The fiery reply came as a result of Schofield's recent changing of 30-day sentences to 300 days loss of pay for offending bluecoats.

"Nor shall you take upon yourself the powers of the commission," Salus wrote, "And you shall restrict yourself to such disciplinary action as you are allowed by law."

Schofield's latest act was to recommend the retirement or dismissal as physically unfit of 45 policemen whom he charged had not been on active duty for from two to six years. Some of the men are more than 70 years of age, one of them having reached the age of 75, another has lost a leg, and several others are mental patients in different hospitals. He sent the report to the commissioners as part of his plans for shaking up the force and securing able and active policemen.

Gilbert Will Confer With Herbert Hoover About Reparations

(International News Service)

WASHINGTON, Jan. 10.—S. Parker Gilbert, agent general for reparations, plans to confer this week with President-elect Hoover, it was announced today by Secretary of Treasury Mellon.

Gilbert has already discussed the reparations problem with President Coolidge and other high government officials.

After a visit to his home in Kentucky, Gilbert will return to Washington before sailing for Germany about February 1.

Mellon said Gilbert would issue a statement on reparations before he leaves America.

Hoover Will Speak Over Radio Hookup Saturday Evening

(International News Service)

WASHINGTON, Jan. 10—President-elect Hoover will make his only public address in Washington before the inauguration over the radio Saturday night in connection with the dedication of the new $14,000,000 tunnel through the Cascade mountains east of Seattle. A nation-wide hookup has been arranged, the speech will start at 9 p. m. Eastern Standard time.

COMPLETE PLANS FOR DEDICATION

(Continued From Page One)

Clyde Gilfillan will speak following Mr. Young.

Dr. John A. H. Keith, State Superintendent of the Department of Public Instruction will be the chief speaker of the evening and will make the formal dedicatory address. Dr. Keith has been interested in the building of the George Washington Junior high school and has been pleased to accept the invitation of Dr. Green to dedicate the new building.

The George Washington Junior high school is one of the finest in the country, according to Dr. J. Herbert Kelly, Executive Secretary of the Pennsylvania State Educational Association, and following an inspection of the building by himself and Dr. Charles R. Foster, state president of the same organization they both expressed themselves as being delighted with the latest addition to New Castle's educational life.

EMMANUEL BAPTIST CHURCH MEETING

The special business meeting of the Emmanuel Baptist congregation held last night in the church following the mid-week prayer meeting service was largely attended. Matters of importance to the congregation were considered. The pulpit of the church will be occupied on next Sunday by Rev. F. J. Brenneman of this city.

Public Library Is Open Today

Following the installing of new furnace boilers in the building Wednesday the New Castle public library on North Jefferson street was ready for occupancy this morning.

Alice M. Sterling, librarian, reports this morning that the library building was heated to the correct degree and that the furnace seemed to be working in the best condition.

Throughout the winter, prior to the installation of the new boiler, the library had some trouble with regards to the heating, due to the dilapidated condition of the furnace.

BERT SANFORD IS HEAD OF ORCHESTRA

Bert Sanford, well known throughout this city for a number of years by reason of the minstrel shows that he has staged for the various fraternal organizations of the city has organized an orchestra, known as Sanford's Minstrel Boys Orchestra.

The orchestra differs from others in the furnishing of music for dances in that it furnishes singing and entertainment features at dances in a new, original manner. Associated with Mr. Sanford are a number of those whom he has had associated with him in the minstrel productions including the following persons: Dave Jones, Charles Cunningham, Bus Brown, Charles Farrell, Steve Dugan and Hoover as well as others, when the occasion demands.

Each generation has its war because medals are saved and crutches are thrown away.

"Pass me a Lucky—I pass up the sweets." Johnny Farrell
Johnny Farrell, National Open Golf Champion, 1928

WHEN fattening sweets tempt and you dread extra weight, light a Lucky instead. No discomfort, no trouble—just a common sense method of retaining a slender figure

The finest tobaccos are skilfully blended to make Lucky Strike. Then, "It's Toasted." This secret process brings out every essence in the tobaccos and produces a flavor which makes Lucky Strike a delightful alternative when you crave fattening sweets—there is no interference with a natural appetite for healthful foods. That's why folks say: "It's good to smoke Luckies."

At the same time toasting removes impurities. That's why 20,679 physicians are on record that Lucky Strike is less irritating than other cigarettes. That's why prominent athletes have testified that Luckies steady their nerves and do not impair their physical condition. No wonder that this was discovered long ago by many men, who pride themselves on keeping trim and fit, who love the "pep" that comes with health and vigor.

A reasonable proportion of sugar in the diet is recommended, but the authorities are overwhelming that too many fattening sweets are harmful and that too many such are eaten by the American people. So, for moderation's sake we say:—

"REACH FOR A LUCKY INSTEAD OF A SWEET."

"It's toasted"
No Throat Irritation—No Cough.

SOME GOOD POLICE WORK

NEW CASTLE police force is entitled to a measure of real credit for the work done on the case which resulted in the arrest of the man wanted for the brutal dual murder at Canal Fulton, Ohio, on Tuesday night, at his home near Grove City.

Police officers, like newspapermen, do a lot of hard work on many cases without the facts ever coming to light, and oftentimes get very little credit for the work they do. In this case, with an exceptionally slight clue upon which to work, it was followed through with such ability that it brought a result that is a credit to the entire department.

We know that police officers as a whole and as individuals are not always perfect. We know that there are excellent officers in the service of the city, men with lots of experience, and capability, and we likewise know that there are men on the force whose ability is quite limited. But, it is the same with all police forces, especially those recruited under the circumstances as in this city, where a man is named to the police force without any previous experience of the kind.

Police officers are not inclined to ask for any especial credit when they have accomplished a piece of work that stands out as a reflection upon the department as unusually good. It's a part of their duty and they are content if that duty has been well done.

However, in this case in mention, there is no reason why there should be withheld the commendation that is due the officers, and the force as a whole. The men under Mayor W. H. Gillespie, Chief C. C. Horner, and Lieutenant Pete Hillers on the city force, as well as the leaders, can step out today with heads up; satisfied that the force is deserving of commendation for a bit of police work that has been unusually well done.

Congratulations are deserved, and we know that a few words of commendation will but stimulate the entire force to even better efforts to carry out their duty in the future.

AVIATION'S NEW ENDURANCE RECORD

BEFORE the United States Army plane "Question Mark" completed its non-stop flight of six days, six hours, forty minutes and fifteen seconds, the world's record for sustained airplane flight was sixty-five hours and twenty-five minutes; the world's record for sustained flight in a dirigible balloon was four days, twenty-two hours.

It will be seen, therefore, that this record stands quite alone. It was achieved by the ingenious development of synchronized flight between two airplanes while one dropped a hose and supplied fuel to the other. As the days of flight passed, the marvel of the performance came to be accepted as a matter of course and the public turned to speculation on the durability race between the crew of the plane and its laboring engines—man versus machine. Well, man won the race this time. The members of the crew were in excellent physical condition when a failed motor ended the experiment. They were examined by medical men and undoubtedly could have continued driving the plane for an indefinite period, given the necessary supplies. They might possibly have operated her in the air for months, so far as traces of physical hurt or exhaustion due to the six-day flight were concerned.

The motors were somewhat punished by the test, but not seriously it is asserted. They pulled the plane a distance of about 11,000 miles through the air. This is nearly half the circumference of the earth. If the plane had followed the route of the United States Round the World Fliers in 1924 it would have crossed the Pacific Ocean via Alaska, Kamchatka and Japan and would have ended its non-stop journey at Calcutta, India. If it had followed the easterly route of Brock and Schlee it would have reached Hong Kong, China. Those are fair gauges of the new capacity of an airplane for sustained flight.

Major Spatz, commander of the flight, is from Boyertown, veritable "Flying Dutchman," Pennsylvania style. His persistence undoubtedly prolonged the flight for many hours after the motors first showed signs of failure. The magnificent record he has made is only a beginning for this new type of endurance flight, which clearly presages the development of aerial service and fuel station for both commercial and military planes.

New Castle may get a glimpse of the plane on the projected triumphal flight from the coast to Washington.

Various devices for creating "artificial sunlight," applying ultra-violet and infra-red rays, artificially made, to the human body are valuable IF PROPERLY USED.

In the hands of amateurs, using them on children, with lack of knowledge as to the proper time of "exposure", they may be most dangerous. The Academy of Medicine warns you that such unwise use of these "rays", irritating the tissues, may cause cancer.

In a bronze coffin that cost $15,000, "Tex" Rickard lay Wednesday in Madison Square Garden. Those that paid to see men fight there will enter the Garden for nothing to look upon one that has just lost a fight that no man wins.

Many that devote little time in thinking may think hard for several minutes, looking upon the great fight promoter, remembering that there is one fight in which every man must lose.

Whatever makes men think is useful. Mr. Rickard, lying in state in his great "sports arena", will be as useful as he ever was in life.

Canadian officials, traveling in flying machines where missionaries once paddled in canoes, are on their way to purchase the last remaining Indian lands in Ontario.

For $8 cash, $4 a year forever, each of 1,500 to 2,000 Indians will sign away 128,320 square miles of land.

No imagination can estimate the wealth that these Indians will relinquish, the unknown treasures underground, gold, silver, copper, oil and above all, the value of so many fertile square miles of the earth's surface.

The rooster in the fable, finding a diamond, wished he had found a grain of corn. What you can't use is worthless. The Indians could not use their land. They can use $4 a year.

Some times farmers succeed, but usually they must leave the farm to do it.

Benjamin N. Duke, who died Tuesday morning in his Fifth avenue house in New York, began as a farmer, working with his brother, James Duke, on their father's farm. They grew tobacco, started a small factory, introduced cigaret making machinery, and made hundreds of millions, and, farmers note this, they bossed the middle man instead of being bossed by him. Ask Mr. Hill of the American Tobacco company, or Mr. Belt of Lorillard's how that is done.

John Hertz, able citizen of Chicago, sells his Yellow Cab company, says he is going to play. "A few months in Florida, a summer in England, where he will watch his horses run," that's his program.

To stop work for such a man is impossible. "A few months in Florida, and a summer in England" will make him realize it. The Ethiopian can't change his skin, or such a man as John Hertz his need of real activity. Besides, "to rest is to rust" and rusting is unpleasant.

Admiral Moffett, flying chief of the navy, delighted with the Question Mark's 150-hour flight, says it brings a "non-stop flight around the earth within the realm of possobility."

A non-stop flight around the earth will be a commonplace, everyday thing, within a few years.

Machines up six miles, above high winds, storms, air pockets and all the rest, will keep on going round and round. If you want to go to Peking you will fly up, change from a small plane to the big airship and come down in another small plane in China, India, where you will. Nothing difficult about it, except realizing that it can be done.

Hints and Dints

Sun sets tonight 4:54. Sun rises tomorrow 7:22.

It's quite a man who can pay the piper and call the tune.

On one day we read of a murder that seems to be the worst one we ever heard of, and on the next day we read of one even worse. Murders are getting worse all the time. This country has the worst and most murders because we are too easy with the killers.

In many murder cases where an automobile figures it is either a green or a blue car. One can never account for the tastes of murderers.

We notice complaints from New York that the theater business is not so good there this winter. This does not surprise us a bit, as we have thought that after paying anywhere from $13.20 up for a pair of theater seats for some more or less indifferent shows there would be a day of reckoning. It is evidently here now in the theater business in New York.

The superior chap who isn't interested in such trivial things as intelligence tests has tried one in a crowd.

We bet modestly and otherwise sometimes. We are betting that the bird who was elected to the Pennsylvania legislature while he was in jail in Philadelphia will not vote for a law making four convictions of crime the penalty for life imprisonment. You name the amount you want to wager. Of course, he may not be at this session of the legislature, at that.

The man who is Mr. Hoover's secretary and political adviser is a former newspaper man. Newspaper men are selected for jobs where real service is required every time.

Someone claims the reason some women smoke is so they can be able to stand the smoking by men. That's the reason so few of them inhale the smoke when they are smoking. Sort of self-defense, it seems. Well, if men are responsible for women smoking, kind heaven help the men.

ADAM AND EVE DIDN'T HIDE UNTIL THEY GOT ASHAMED

The other day I stood in the bank lobby and said: "George, I want to pay half of my note and renew the remainder for a month."

George answered in a tone of voice much lower than mine, and I said to him: "Why whisper? Why is it that nearly all people drop their voices in a bank and try to conceal their business?"

"I don't know," said George; "but they do; and if we speak loud enough to be overheard, they bawl us out."

I never have been able to understand why an honest man should have any secrets. To be sure, his business is the business of nobody else. He has a right to keep his affairs secret. But why should he wish to?

A man should be doing anything he is ashamed of; and if he isn't ashamed of what he's doing, why care who knows about it?

There is a belief in small towns that a merchant should conceal his prosperity, else people will become envious and take away their patronage.

And people who aren't doing well think they must conceal the fact, else the public will despise them.

Maybe they are right; I don't profess to know. But I'm afraid people who get the habit of concealing things that aren't shameful will be tempted at times to do shameful things because concealment is so easy.

Big town people commonly scorn and ridicule villages, where "everybody knows everybody's business;" and village people frequently make complaint because they have no privacy. They arouse the suspicion that they have something frightful to conceal.

I like privacy. I like solitude. I like quiet. But I despise secrecy. The only things I ever have been at pains to conceal were things of which I was rightfully ashamed. And I believe that holds good for almost everybody.

I don't want to do business with the man who wants the deal kept secret, or the man who tries to hide the per cent. of his profit.

Secrets usually are a confession. A man makes no secret of the things he is proud of.

I'd hate to feel that I had to be forever whispering and sneaking to hide my business. It must be an unpleasant way to live.

I don't care who knows my affairs. For all I care, the entire world may know the size of my bank balance, the amount of my income, the sum yet due on my car, the age of my summer suit, the quantity of liquor I have on hand, the fact that my wife bosses me, or anything else it wishes to know.

Life is more fun and you feel much more free when you don't give a darn.

You have perhaps noticed that some people are very bitter when they are criticised, but hardly ever say "Thank you" for compliments.

A Pittsburgh man said, "The greatest hindrance to the enforcement of prohibition is the alliance widely existing between the local police and the bootleggers." Both the bootleggers and the police will resent and deny that allegation. So many people make general statements that would be impossible to prove.

A rumor got started yesterday to the effect that the Hints and Dints Man was dead. We answered several of the calls ourself and those who called got a shock. Of course, some who called and heard our voice were pleased, and some, no doubt, were disappointed when they found it was not true. We may be a bit weak in some respects, but very much alive generally. We wonder if there wasn't a bit of politics in that wild rumor.

THEY DON'T NEED A CHARIOT TO TRAVEL FIFTY FEET.

Boys, the first business of a proper knight is to protect his lady. There aren't any dragons to protect her from—except old she dragons who gossip.

But people will talk about little girls who ride in cars at night and it is your business to see they have nothing to talk about.

So much for the boys.

In case the boys don't care what people say so long as it doesn't hurt them the parents of boys might take a hand. Why should a boy of 14 have a car? His dad didn't have one. He didn't even have a horse and buggy to take a girl four blocks to a party. He walked.

Tires and gasoline cost money that is needed for something else. Why spoil your boy by giving him things for which he has no earthly need when you can so little afford them?

And in case the boys have no acquaintance with chivalry and their parents have no acquaintance with common sense why can't the parents of girls take a hand?

The kids are having too many parties. They are getting the notion that life is a bore unless they can go some place every night. And if one parent tries to do the sensible thing his kid feels abused because all the others are having a big time.

One silly mother eager for her little girl to have boy friends can make trouble for every family in town.

Why not call a halt?. And if there must be a party every night let us at least make it a foot party. It's only a mile from the edge of town to the other. Surely the kids can walk that far without getting flat feet.

A little common sense exercised while the kids are at the half-jelled stage will save a lot of trouble later on.

Billions Of Dollars Involved In Appeal Of Midget Railroad

Public Watches With Interest St. Louis And O'Fallon Case In Which Supreme Court May Pass On Valuation Basis

Because billions of dollars are involved in the decision of the St. Louis and O'Fallon rail suit, which has been taken to the United States supreme court on appeal, the issues at stake are the subject of national discussion. Under the "recapture" provision of the transportation laws, the case will determine on what basis of valuation the earnings of the many are to be considered. While this line is only a few miles long, the principles to be passed upon will apply to other railroads and possibly other public service enterprises. The law provides that net earnings of railroads which exceed six per cent shall be split with the government on a 50-50 basis, the money so received being placed in a revolving fund to be loaned to needy roads.

"Thus far the payments made by the railroads," according to the ATLANTA JOURNAL, "have been negligible, due more to the small number of carriers able to earn over six per cent than to a definite refusal to comply with the law." The Journal quotes railroad executives' statement that this is "the greatest lawsuit in history," and also one contention that the government "could not properly force a corporation to give up a portion of its earnings to aid other carriers," while the lower court's decision against the railroad's basis of valuation is mentioned. That paper concludes: "Thus a small switching road supplies materials for 'the greatest lawsuit'. It is a pretty commentary on importance in this complex modern world."

"The Interstate Commerce Commission has proceeded on the theory that a practical basis for valuation was the worth of rail property in 1914, with allowance for new investments and depreciation," says the KANSAS CITY STAR, contrasting that position with the stand taken in the railroad briefs that "a valuation on reproduction cost of roads today, plus depreciation, would not be contended for as a sole basis of valuation, since the court had never recognized that principle alone; but it would be asked that this principle be considered along with others." The Star adds: "Obviously, any outcome of this case which might involve marked rate advances would be a serious matter to the country, especially the agricultural sections."

"A battle between gigantic forces," is seen by the BROOKLYN DAILY EAGLE, as "the climax of 14 years of controversy," and The Eagle comments: "It is curious to go back to 1900 and note that in the Nebraska railroad case precisely this issue was at stake, with William Jennings Bryan, representing Nebraska, arguing before the supreme court that present costs of reproduction should be the sole basis of valuation, and the railroad companies arguing that the actual investment should control. In the Nebraska cases reproduction because of lower wages and material expenses would have been vastly lower than original cost. In the present case the reverse is true. The supreme court turned down the Bryan theory, which the railroads now wish to resuscitate."

"One of the shortest of American railroads," remarks the INDIANAPOLIS NEWS, "may become a yardstick for legal measurement of the value of all steam carriers in the United States. If so, the method specified is bound to have some influence on appraisals of other kinds of public utilities for rate making and security issuance purposes." The importance of the appeal is emphasized by the ROCHESTER TIMES-UNION, with the statement that "the Federal court at Kansas City held that the earnings were subject to recapture but did not pass definitely on the valuation question." The ST. PAUL DAILY NEWS observes: "A decision advefse to the government would permit railroads of the country to increase their total valuation from the 23 billions fixed by the commission to 35 billions. This would make possible freight rate increases of several hundred millions and would virtually nullify the powers of the commission, since legal rates would be higher than the traffic would bear."

"If the higher figure were approved, becoming the valuation guide for the commission, the immediate and dominating public interest would lie in the fact that rates would have to be increased approximately 60 per cent to meet the constitutional right to earn a fair return upon the value fixed," says the NEWARK EVENING NEWS, which points out that "the supreme court is brought face to face with the necessity of deciding this issue definitely in a case considered as fundamental in the railroad field as was the Dred Scott case in reference to state rights and slavery." And the LITTLE ROCK ARKANSAS DEMOCRAT asks: "If the railroads win the suit, what is to prevent all other public utilities raising their valuations, hence raising their rates?"

"The supreme court, in public-service decisions," recalls the NEW YORK EVENING POST, "has inclined toward recognizing replacement cost as a factor. * * * Some of the ablest counsel in the country represent the government and the railroads in this controversy, the decision of which will affect not only the carriers but every shipper and every passenger in the land." The LINCOLN STATE JOURNAL suggests that "lawyers reach opposite conclusions as to what the supreme court actually determined," when it "passed on the question on several occasions."

The CLEVELAND PLAIN DEALER contends that "the valuation question involved is much more of a nice economic theory than of law," emphasizing the importance of "the rates and earnings to which the roads will be entitled in the future." The WATERLOO TRIBUNE, considering the possibility that in the present case the supreme court may "sidestep the valuation matter, merely approving the lower court's finding that the assessment was not confiscatory," concludes: "This matter has been in dispute ever since the railroad laws were enacted, and will continue to be in dispute until finally settled."

"The Insterstate Commerce Commission," records the CHICAGO DAILY NEWS, "claims that it has given due weight to all proper factors in its valuations, while the carriers assert that the cost of reproduction practically has been ignored. Since values to the amount of billions of dollars are at stake, the question before the supreme court is of great moment from a financial point of view as well as extremely interesting and significant in theory."

Just Folks

By EDGAR A. GUEST

The Good Old Days.

In the good old days which the oldsters mourn and so vainly sigh to see,
The good old days which they boast about, the days that used to be,
The coal was stored in a shed outside, and oh, brother, wasn't it grand
To trudge out there through two feet of snow with a scuttle in either hand.

In the good old days, the good old days that our parents talk about
Oh, brother of mine, can you recall the ashes we carried out?
And the jolly times that we used to have after many a zero night
When we woke to find that the water pipes were frozen good and tight.

Jack Frost had fun with our window panes and he painted them treble-ply,
With solid ice he plugged our drains, and the snow grew six feet high.
Oh, those were the days, say the old folks now, "the good old days" of yore,
But I think of the cares which we used to know and I'm glad that they are no more.

The World AND THE Mud Puddles

A LITTLE DISSATISFIED.

Federal examiners, who sit with district judges, examining candidates for naturalization have an eagle eye on those desiring citizenship, to see that none with tendencies subversive of our country's institutions are admitted.

In Jetmore, Kansas, a group of farmers were discussing the warm, dry, weather, the prevalence of grasshoppers and their damage to the newly sprouting wheat. Judge Wilson was passing the group, and was laughingly asked to issue an order for the weather man to be a little more generous with moisture and cold.

The Judge smiled approval and then told this incident:

"Over at LaCrosse, the other day, we had several candidates for naturalization, among others an old German farmer who has resided there many years. The examiner asked him if he liked this country.

"Oh yah, yah I like dis country all right."

The examiner was hardly satisfied and countered:

"Are you satisfied with it?"

"Vell I bin satisfied all right," the farmer replied slowly, evidently remembering that he was under oath to tell the exact truth, "but I vould like it better if it vould rain a leetle more."

All of which is another matter for the Farmers' Relief Fellows to consider.

Bible Thought For Today

GENUINE SINCERITY — Say not unto thy neighbor, Go, and come again, and tomorrow I will give; when thou hast it by thee.—Prov. 3:28.

PRAYER — Lord, Thy Word is true, quicken us according to Thy loving kindness.

"Old Curiosity Shop" Of College Town Passes

(Special To The News)

NEW WILMINGTON, Jan. 10.—After contributing its service to the college town for as long as most residents can remember the notions and newspaper store of the late Rev. A. McDowell is to be appraised and sold. In the life of its owner the store was also somewhat of a curiosity in New Wilmington.

In it one could find odd articles, copies of magazines that may have been missed, old photography material, and many curiosities as well as up-to-date wall paper, daily papers, and magazines. It was the store of last resort in the college town for the shopper of almost any article.

The heirs of the late Rev. McDowell have appointed R. J. Totten to be executor of the estate and he said that the store will probably be appraised and sold. It has an admirable location, being diagonally across from the local school building.

Yesterday evening, the second meeting of the special week of services was held here in the Methodist church. The Rev. J. Ralph Neale spoke on the theme, "Christ's Call to Evangelism".

These services are being held in a response to a call from the Federal Council of churches of Christ in America and the World's Evangelical Alliance of Great Britain.

CHURCH VISITATION CAMPAIGN WORKERS REPORTS NOW NEAR 1,000

(Continued From Page One)

take place, when the workers will report the results from Friday evening's work.

Exactly 961

That exactly 961 people of New Castle had made the Christian decision and will be received into the various churches Sunday, Jan. 20, was the report of the workers when assembled Wednesday evening at the Highland United Presbyterian church.

Five stories of success prefaced the Rev. Dr. Kernahan's address of the evening. They were given by Mrs. J. B. McClaren of the Second United Presbyterian church, Mrs. Martha Ketler of the First Methodist Episcopal church, Dr. T. J. McFate of the Highland United Presbyterian church, the Rev. Dr. P. C. Pearson of Trinity Episcopal church and Judge James A. Chambers of the First United Presbyterian church.

Chambers Speaks

"I am sure that this is the greatest religious experience that the city of New Castle has ever had, and I am equally sure that much good will come of it," stated Judge Chambers. "The work is vital, and it does not seem hard to do. I know that my teammate and myself have scored 100 per cent on each call that we have made.

"There are not many places—not many counties in the United States—where one will find two judges working on a campaign such as this," commented the Rev. Dr. Kernahan immediately following Judge Chambers' short speech. "And when a county has such fine outstanding barristers I am sure that they also have the best in law enforcement."

Thanks Ladies

The Rev. Dr. Kernahan at this time thanked the ladies of the Highland United Presbyterian church for their prompt and efficient service of the supper which preceded the meetings and also mentioned the newspaper support that he has been receiving.

"I would ask all the workers in this campaign to stress the appeal to the social responsibility of the people, because the spiritual side of the question is most basic in social responsibility. No one has a right to get the blessings of Christian institutions—to live under our Christian laws and Christian code of ethics—without supporting these institutions to the best of his ability. No one has a right to receive these things; these things which were made possible by the Saviour of mankind, and fail to say so. If a man believes in these things; if he believes that Christian institutions are somehow the best, then he should confess his Christ, who made it all possible.

Stress Christ's Attitude

"Again, stress the attitude that Christ would take to church membership. Would that I could stop the silly and loose criticism of the church as an institution: criticism which is now accepted, by some at least, as final truth. The church has rehabilitated herself again and again when other institutions have crashed to the earth: and what the church has done once, if the need ever arise, she can do again. The church is the bride of Christ. For 1900 years the church has been the primary agency of all Christendom, and it is our work, here and now, to push this church on and on to the service of human society."

Again the workers were cautioned about not losing any time in the remainder of the campaign. Prospects should be seen as soon as possible, and as many people as possible should be called on by each worker. The Rev. Dr. Kernahan asks the women workers to use morning, afternoon and evening in seeing prospective church members. He also requests that business men make luncheon engagements so that the work can be done as thoroughly as they know how.

An Enterprise

"The Reason Why the Work Must Be Done" formed the major part of the Rev. Dr. Kernahan's address Wednesday evening.

"This work is an enterprise because it must be done," he stated. "It is the only way in which many people can be won to Christ. Do you know that out of every 100 people who receive Sunday school training in their childhood and youth, only 25 stay with the church: only 25 see the Kingdom of God as dynamic and real? Where do the rest go? Where do they go? Needless to say, they drift away: other things interfere, and no serious efforts are made to win them back. Probably no one speaks of religion or church membership to them unless it be their pastor, and in many instances his appeal is unnoticed. But, with conscientious work on the part of a sufficient number of workers, 60 per cent of the 75 who fall by the wayside can be won again for the church and for Christ. Do you know that within 10 years the church could build up a membership equal to that which it has now, even if the entire institution were to be destroyed this instant? That is the power of God: that is the power of Christ.

The Only Way

"Visitation evangelism perhaps is the only way to win people for the church who want to be won—yes, who should be won. I know that it is the only way that a man of executive mind can be won. He is not affected by mass meetings: he does not respond to the appeal of the professional emotionalist, called, and rightly called 'boob jumpers' by contemporaries. No, if an appeal is made to this type it must be a cold appeal: a reasoned appeal. And men with minds of executives is one of the church's crying needs. In any community they wield a tremendous influence. Usually they are irreligious because the case of God has never been presented to them in exactly the right way. They never have been appealed to by the church as an institution as they have been appealed to by other institutions. They have never had the case of God presented to them graphically. That is the reason that they frequent the golf courses on Sunday mornings instead of attending church. Religion has been crowded out of their lives. But religion cannot be crowded out of their hearts. Always it is there. You can be a great factor in bringing it out if the appeal is right.

Appeal to Fathers

"One of the best times to appeal to a man is when he is surrounded by his own young children. Very few will deny that the influence of a Christian home is a bad thing for a child, and most will agree, on the other hand, that it is a very good thing. It is a fundamental appeal, for every father wants his child to have a background of religious training. Yes, if the church would persist, the strength of both the church and the community would be strangely different.

"To do this work we must have a clear conception of our own faith. Not many people have this. Few in the church have it. The central fact in religion is the personality of Christ. They seem to forget that He was a living, breathing man—a robust and a strong man. They forget that He dies for them. They forget the debt that they owe Him.

Many Are Confused

"Many people stay away from the church—are never received into church membership—because they are confused. They do not quite understand what church membership implies. 'Can I be a good church member and still go to dances, play cards and attend the theater?' they ask. Can they? I say to them, 'all that I want people to do is to look clearly into the life of Christ and to follow the example set by Him.'

"Again, we must work to win the people who are badly lost. At the present time there are enough broken people in these United States fairly to rot away the foundations of the church. They will never be won by the absent treatment. Go where they are and show them that they can stand up straight again and start again! That, to use a word made trite by misuse, is the psychology of Christ. Show them the strength that comes from on high. Get just a little higher in purpose. There is a danger in thinking only of the man who will mean much for the church. Go down in the cesspool of life—comb the dregs—and give those unfortunates a chance to walk again."

Immediately following the meeting at the Highland United Presbyterian church the Rev. Dr. Kernahan went to the Elm street Y. W. C. A., where a similar meeting was conducted among the colored people of the city.

Seek Girl's Slayer

Sue Carol, Screen Star Not To Oppose Action For Divorce

(International News Service)

LOS ANGELES, Jan. 10.—"Well, since it had to come, I'm glad to get it over with," was Sue Carol's response today when he learned that her husband, Allen H. Keefer, had filed a divorce suit in Chicago.

The screen actress declared she will not fight the action, revealing that she had started a similar suit months ago. Miss Carol said she dropped it when Keefer said he would contest the divorce.

Girl Arrested In Pittsburgh, Held On Nine Charges

(International News Service)

GREENSBURG, Pa., Jan. 10.—Rose M. Istler, 17, a maid, of Crabtree, near here, was today arraigned on nine charges of forgery following her arrest late yesterday by state police in Pittsburgh where she had fled. The girl, described as attractive, was alleged to have victimized a number of local stores and individuals to the amount of several hundred dollars.

POLICE DUMP MORE MOONSHINE TODAY

Fish in the Neshannock creek were noticed by passersby in the downtown district this morning to be having an unusually good time. They seemed especially full of spirit.

Investigation at the police department developed the fact that some 10 or 12 gallons of moonshine accumulated at the police department in recent arrests and also some beer were dumped into the city sewers this morning at the city building. The stuff dumped was that secured in the past few weeks from persons whose cases have been taken care of at the recent term of court.

FORFEITS MONEY.

Scores Driven To Streets By Fire At Uniontown, Pa.

Two Families Nearly Suffocated; Fire Damages Shoe Store In Business Section

(International News Service)

UNIONTOWN, Jan. 10.—Two families were nearly suffocated and scores of persons were driven to the street in scant attire early today when fire badly damaged the Dixie shoe store.

The entire force of firemen were called to combat the blaze. Guests in the Brunswick hotel were forced to flee from their beds.

Mrs. Lucy Driscoll, her daughter Dorothea, a school teacher and a son, William, were near suffocation in their smokefilled room when they were awakened by police pounding on the downstairs hall.

When they found the front stairway filled with flames and smoke they battled their way down a back stairway and later were rescued by firemen. A. F. Lanniker who occupied apartments above the store had a narrow escape.

The fire originated from a gas-heated radiator in the Shoe store but just under the steps leading to the apartments above. No estimate has been made of the damage.

London Women Are Having Toes Cut Off For Styles

Little Toe Or Third Toe Amputated So Foot Will Fit Into Nice Small Shoe

(International News Service)

LONDON, Jan. 10.—Startling disclosures that many English society women are going about minus their toes in order to wear fashionable shoes have been made here by Dr. A. E. Kennard and aroused much comment today. Dr. Kennard is one of the foremost bone specialists in London.

The specialist revealed that scores of smart women are having their little or third toe amputated so that their feet will fit into small, smart-toed shoes.

But this is only the lesser evil of the craze for "chic" footwear, according to Dr. Kennard. He asserts that high heels will result in a generation of crippled women.

Wages Held Up, Judges Argue

(International News Service)

PHILADELPHIA, Jan. 10.—Some 600 odd city employes became anxious today regarding their pay for the first half of the month as a result of the controversy between Judges Leopold Glass and Charles Walsh over the president judgeship of the municipal court.

Unless the controversy is settled immediately the employes will not receive their wages next Tuesday. Both men have refused to sign the payroll vouchers if the other man does. The blanks must be signed by the president judge.

The situation was unchanged today, but pressure is being brought to bear on the state attorney general for a ruling to settle the mixup.

Assembly Friday At Bessemer High

The weekly student and faculty assembly of the Bessemer high school will take place Friday afternoon in the school auditorium. J. A. Fredrick will have charge of the program.

Rickard's Burial Very Impressive

Thousands Crowd Into Madison Square Garden To Attend Services

FLORAL TRIBUTES ARE BEAUTEOUS

(International News Service)

NEW YORK, Jan. 10.—They gave Tex Rickard, ring master of life, a showman's funeral, and buried him Wednesday in a woodland corner of the city where he made his pile.

Using his temple of sport, Madison Square Garden, for a mighty funeral chapel, 12,000 persons jammed into the galleries to pray for the soul of the great sport impresario.

Rich and poor, famous and obscure, the somebodies in the world of sport and the nobodies who support it, joined hands to pay homage to "one of the world's great hearts." The somebodies sat on chairs close to the $15,000 bronze casket. The nobodies filled the upper tiers to the rafters.

Impressive Service.

Since the days of the Greeks, it is doubtful if there was ever such an impressive public funeral.

A beauteous arbor of flowers and palms had grown about the casket, placed on the spot where the prize fight ring is located other times.

A hidden band played sacred music: "Lead Kindly Light," "Abide With Me," "Peace Perfect Peace." Mrs. Maxine Rickard, a slip of a woman in widow's weeds, knelt before the casket. Despite the 12,000 pairs of eyes upon her, her act was almost unobserved, done so naturally and unaffectedly was it. She slipped behind a screen of flowers to remain unseen for the remainder of the ceremony.

Rev. Dr. Cranston Brenton, in tribute to the deceased, said:

"He has led a good life; he has fought a good fight; he has given happiness to millions of people."

PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

BIG BIRD AND LITTLE BOY.

The voice sounded suspiciously like that of Peter's old enemy Mr. Turkey Gobbler and sure enough, turning around the boy found himself gazing into the eyes of the old fellow himself.

But gracious! How large the creature was. How red were his wattles. His legs too—how strong they looked—rather as if when he wanted to the fellow could give a good kick with them.

On the whole Peter did not like the looks of Turkey Gobbler a bit and he backed slowly away from him. Turkey Gobbler noticed what the Boy was doing and gave a hoarse chuckle.

"Ha! Ha! Now it is your turn to be afraid is it? Remembering the many times you have chased me around and around the barnyard, are you?

"And I see you have not forgoten the day when you set Rover on me! You were so much smaller than your father but now it is I am bigger than you. No wonder you shiver!

"Go ahead, shiver! Be afraid! It will do you good to be frightened a little; you have scared my wives and me often enough. But there, there! You need not run away! I am not going to gobble you up although I could if I wanted to.'

Peter was provoked at the Turkey's impudence.

"Gobble me up indeed! Do you suppose that I would stay here and wait for you to seize me? Not much! I would run away so you could not catch me."

"And do you think for a moment that you could get away from me?" demanded Turkey Gobbler.

"Well you couldn't. I have the finest pair of legs in these parts I tell you and I woluld have you in my beak before you had gone two steps.

"But I don't want to eat you; I do not care for meat and besides now that you are in my power and not I in yours, I should like to talk to you a bit. I have never had a chance to before; you have always been so mean to me. But I have heard about your friendships with all the other birds and I have wished you would pay a little attention to me.

"Don't you think you could learn to like me a little if you tried?"

Next: "Forgiving His Enemy."

"I DON'T SEE HOW AN ANIMAL CAN LOVE A TWO-LEGS AS MUCH AS ROVER DOES."

Death Penalty For Kudzinowski Asked In Attorney's Plea

Deputy Attorney General Trying Kudzinowski Asks Jury To Inflict Death Penalty

(International News Service)

JERSEY CITY, N. J., Jan. 10.—Deputy Attorney General Aloysius McMahon Wednesday demanded the death penalty for Peter Kudzinowswi, Polish railroad section hand, who is on trial under an indictment charging him with killing seven-year-old Joseph Storelli of New York City, in the Secaucus meadows on November 17 last.

The jury was completed Wednesday, after the original special panel had been exhausted and a draught made upon the general panel in other courts about the building.

McMahon after detailing the crime with which Kudzinowski is charged said: "We will show you that this defendant is guilty of murder in the first degree, and we ask you to find him to be guilty of that crime, without a recommendation for mercy."

Under the New Jersey law a recommendation for mercy from the jury makes it mandatory upon the judge to sentence the prisoner for life.

Fifty Three Pupils Absent At Bessemer

But 53 pupils are absent from the classes this week at the Bessemer borough schools, according to the report made Wednesday. This is eight per cent of the enrollment and but three percent more than the average number of absences for this time of the school year, it is stated.

Last week the number of absences at the school were somewhat greater but with this coming of this week's sessions a decided slackening in the illness epidemic is apparent.

(International News Service)

JERSEY CITY, N. J., Jan. 10.—Police Wednesday revealed the harrowing tale of Otto Schmidt, 18, who is said to have confessed to employing his 6-year-old brother, Jacob, to administer rat poison to Mrs. Emma Schmidt, 40, his stepmother, and her baby.

Police say he did it because she caused him to leave home. Both the woman and her baby are in critical condition.

Studebaker announces a new *World Champion President Eight* ... of greater power, beauty and luxury

$1785

at the factory

AT THE moment when eager eyes turn to the newest offerings of American automotive genius, Studebaker announces a surpassing achievement—a new and finer world champion President Eight!

In riding ease, roadability and good manners the new President Eight is not excelled by any car at any price. A motor car priced in a range where such performance, such luxury, such beauty of coachcraft and color, have never sold before!

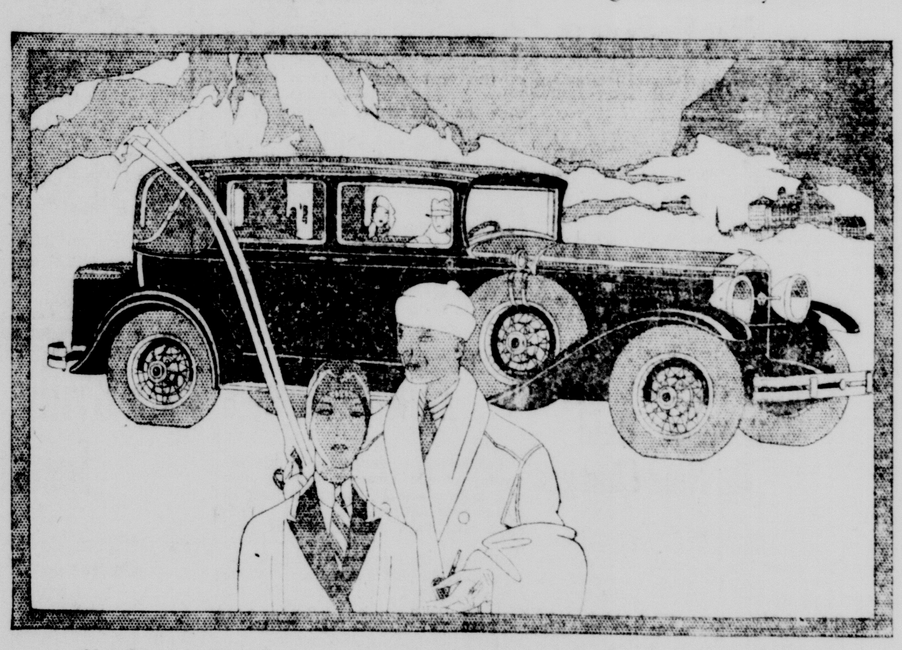
30,000 Miles in 26,326 Minutes

The great President Eight has officially demonstrated more speed, and more capacity for maintaining that speed, than any other regular factory production car the world has ever known. No handiwork of man ever underwent so heroic a test—ever traveled so far so fast. The President Eight today holds *every* official speed and endurance record for fully equipped stock cars.

The Eight is THE Car. This is THE Eight!

Today's motor car is the eight! At the recent Paris Salon de l' Automobile—at the Olympia Motor Show in London—on the boulevards and highways of America during the past twelve months, the trend of motor car demand has been unmistakably to the straight eight.

It has been Studebaker's privilege, through providing the first truly great eight of moderate cost, to be the standard-bearer of the industry in the swing toward this finer, more flexible, more suave and pliant transportation. Dramatically and sensationally Studebaker's President Eight led the way.



NEW PRESIDENT EIGHT BROUGHAM FOR FIVE—*Six tire wheels and trunk are standard equipment—$2350 at the factory. Equipment, other than standard, extra.*

Recognition was immediate. Less than six months after its introduction, this champion car outsold every other eight in the world!

But the engineering genius which created such a car could not rest idly on its laurels. Hence today, Studebaker presents a still greater President Eight—the triumphantly successful product of Studebaker's research laboratories and million-dollar Proving Ground.

This new President Eight is as near to a perfect motor car mechanically as champion-builders can make it. It is a large car—but not bulky. It is a genuinely beautiful car—a smart car—with good taste in every line and in all its appointments. It is a fast car, and enduring—proved beyond cavil. Its manners and its comforts await your appraisal in Studebaker showrooms today throughout the land. Come, drive a champion!

"Chocolate Milk" Must Contain Milk

Pure Milk And Pure Chocolate Are Only Ingredients That Can Be Used

(International News Service)

HARRISBURG, Jan. 10.—Chocolate milk drinks must contain pure milk with the addition of nothing but pure chocolate to be sold under that name, the state bureau of foods and chemistry ruled today.

Drinks made from skimmed milk powder, flavored and sweetened with chocolate, may not be sold as a "milk" drink under the bureau's ruling.

The ruling of the bureau in full follows:

"Chocolate milk sold as such is required to be composed of pure whole milk, meeting the standards of the milk law, flavored with pure chocolate and labeled accordingly. The sale of such a drink without labeling is unlawful and labeling is necessary to distinguish it from the so-called chocolate drinks which are usually composed of skimmed milk or skimmed milk powder sweetened and flavored with chocolate and which do not contain as much milk fat as does chocolate milk.

"Chocolate drink is required to be labeled as such, and cannot be labeled or sold as a 'milk' drink because it does not contain milk and is classified as a beverage requiring registration under the beverage law as do all other non-alcoholic beverages.

"It is important, therefore, that all persons preparing chocolate milk not only label it to show its character, but that they make sure it is composed of pure whole milk flavored with chocolate and properly labeled in order to avoid making unlawful sales."

Jury Chosen In Asa Keyes Trial

LOS ANGELES, Cal., Jan. 10.—A jury of ten women and two men was selected here Wednesday to try Asa Keyes, former district attorney of Los Angeles, and five co-defendants on indictments charging bribery and conspiracy as the outgrowth of alleged "fixing" of criminal cases in the Julian Petroleum financial collapse.

Chicago Attorney's Residence Damaged

MICHIGAN CITY, Ind., Jan. 10.—The palatial summer home of John F. Tyrrell, prominent Chicago criminal lawyer, was wrecked here Wednesday by a bomb explosion.

Tyrrell, who has represented the "Scarface Al" Capone faction in Chicago court hearings, blamed the attack upon a rival gang. Damage to the home was estimated at more than $27,000.

Flu Precautions

It should be remembered that as a rule Influenza increases in severity toward the end of the epidemic and due to the systemic nature of the disease, relapses and complications are more serious.

Avoid crowds and persons affected with colds. Influenza may start as a common cold, and is usually distinguished by general aches and pains, and chills followed by rapidly rising temperature.

At the first indications of fever patients should go to bed, and remain in bed or at least avoid all exposure for several days after the fever has subsided.

During the Influenza epidemic of 1918, F. H. Hoyt, M. D. developed his Prescription No. 17, specifically for the treatment of Influenza. This remedy was widely used during 1918 and successive epidemics, with beneficial results.

Persons exposed to colds and influenza should antisepticize the nose and throat several times daily with Dr. Hoyt's Atomizer Oil.

Piles Disappear
No Cutting or Salves Needed

External treatments seldom banish Piles.

Nor does cutting remove the cause.

The cause is inside—bad circulation.

The blood is stagnant, the veins flabby.

The The bowel walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through stagnant pools. Internal treatment is the one safe method. Ointments and cutting won't do it.

J. S. Leonhardt, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription HEM-ROID, and tried it in 1000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at McKee's Rut Rate Store, Eckerd's of New Castle, Inc., who will gladly refund the purchase price to any dissatisfied customer.

Postpone Action On Wet-Dry Plan Of Investigation

Senate Judiciary Committee Postpones Until Monday Action On Public Issue

(International News Service)

WASHINGTON, Jan. 10.—After virtually deciding to make the proposed Hoover presidential inquiry into prohibition enforcement a public investigation, the senate judiciary committee today postponed until next Monday final action on the joint "wet and dry" plan.

The proposal, agreed upon by Senators Jones (R) of Washington, dry leader, and Edge (R) of New Jersey, wet leaders would authorize President-elect Hoover to name a commission of nine citizens to conduct the inquiry. Some question was raised in the committee on the authority of asking President Coolidge to sign a resolution authorizing an inquiry by his successor into his own administration of the dry law.

The surprise of the session was the action of Jones in agreeing to an amendment giving the commission power to recommend modification of the prohibition law if it felt such a step was required to improve enforcement. Jones said, however, he hoped the commission would not reach such a decision.

Big Decrease In Muny Lodgers

Men who wander about the country this time of year in search of work and sometimes to keep out of work and stop over at the police station at night, are not as numerous as in former years, Chief of Police C. C. Horner announced today.

The average number this winter, who stop over at the police station at night, is fifteen to twenty-five per cent of the number stopping over last winter, indicating possible better business conditions.

These men are not permitted to remain over more than one night and are directed each morning to get to some other community before the next night. They are also warned against going to backdoors in this city.

Complains About Prowler About Home

Perry McCleery of 403 Division street, complained to the police Wednesday concerning the fact that for some time recently there has been a nocturnal prowler about his home between 2:30 and 4 a. m. every morning.

The person always knocks at the door. One morning recently Mr. McCleery slept downstairs and was awakened by the prowlers knock at the door. He opened the door but the person was gone. He asked that the police do something about this.

Highways Filled With Deep Slush

(International News Service)

HARRISBURG, Jan. 10.—Roads in the northwestern and central parts of the state are covered with three or four inches of slush today, reports to the department of highways from field forces said. In the higher altitudes the slush is being removed by scrapers.

In the southern and eastern parts of the state the snowfall turned to rain early today and roads are reported in good condition.

End Of Battle On Kellogg Treaty Is Believed Nearing

Irreconcilable Band Fight Vainly To Get Resolution Of Adherence

(International News Service)

WASHINGTON, Jan. 10.—The end of the battle over unconditional ratification of the Kellogg-Briand peace treaty was in sight in the senate today with the irreconcilable band fighting vainly for a resolution setting forth the American terms of adherence.

Senator Moses (R) of New Hampshire, author of the resolution, publicly proposed to Senator Borah (R) of Idaho, leader of the treaty forces, that they negotiate an agreement for a final vote on the treaty. Borah consented at once and it was understood both sides were willing to take the vote tomorrow. A final agreement probably will be reached later in the day.

The senate met an hour earlier than usual in order to provide more time for debate but the discussion was slow in getting under way. Only five senators were on the floor when the senate convened and it required fifteen minutes to get a quorum.

Senators Bingham (R) of Connecticut, and Barkley (D) of Kentucky opened the debate. Both urging action by the senate to protect American interests under the treaty.

New Jersey Bank Visited By Thugs

(International News Service)

HAWTHORNE, N. J., Jan. 10.—Two armed bandits entered the First National Bank of Hawthorne today, and while one stood guard the other backed George Cruikshank, assistant cashier, and Howard Houseman, the porter, into the vault, locking them inside. The bandits took $14,300 in cash and escaped. The imprisoned men later were released by the bank's cashier.

Los Angeles Is Battling Wind

No Word From Big Dirigible As Ship Battles Strong Wind On West Florida Coast

FEAR IS FELT FOR AIRSHIP'S SAFETY

(International News Service)

PENSACOLA, Fla., Jan. 10.—After battling strong headwinds throughout the night, the dirigible Los Angeles was believed to be cruising somewhere on the west coast of Florida today, it was indicated by messages received here shortly before noon.

"No sight or sound of Los Angeles." That was the brief message at 10:40 A. M., E. S. T., from St. Joseph, Fla., near where the blimp was scheduled to arrive at midnight.

The message was received here an hour and a half after the dirigible had reported her position as approximately 54 miles east of the U. S. S. Patoka, tendership to which the dirigible is to moor, in a wireless message to the U. S. naval station at Pensacola.

Ship Sighted

Pensacola, Fla., Jan. 10.—Watchers aboard the tendership U. S. S. Patoka sighted the Los Angeles at 11:26 a. m., today, according to reports relayed here from Port St. Joseph, Fla.

Groping its way through low-hanging clouds, and its vision of the earth obscured by dense fog, the dirigible neared its objective twelve hours behind schedule, after battling headwinds throughout the night.

Shortly after the report was received here, a plane was ordered to to take off Fort Port St. Joseph.

Durant Will Step Down As Executive Of Motor Company

W. C. Durant Decides To Relinquish Reins Of Durant Motors Incorporated

(International News Service)

NEW YORK, Jan. 10.—W. C. Durant has decided to relinquish the management of the Durant Motors Corporation, he announced here today.

The management will become invested in a group of automotive executives who have become heavily interested in the company financially Durant said.

In an address delivered at the annual meeting of the dealers, Durant declared:

"After many months of negotiation I have arranged for a new group of executives to become heavily interested financially with us and take over complete management of Durant Motors, Inc.

Durant added that in order to achieve more efficient manufacturing the Elizabeth, N. J. plant of the company would be moved to Lansing, Mich.

The names of the executives he said would be announced within a short time.

He also made known that R. T. Hodgkins who was described as "the advance guard of the new executive group' had been appointed general sales manager.

Mr. Hoover will find that he has a shortage of pies when he begins to distribute the cuts after March 4.—The Janesville Daily Gazette.

Owing to the fact that the first time in several months there was no appeals from the decisions of the city engineer in regard to building permits which have been requested, the Board of Zoning Appeals did not find it necessary to meet this month. The next regular meeting of the board is scheduled for Tuesday February 5.

Steel Tonnage Shows Increase

(International News Service)

NEW YORK, Jan. 10.—United States Steel Corporation announced today forward orders increased 303,712 tons in December. Unfilled tonnage was 3,976,712 tons on December 31, 1928, the company reported, against 3,673,000 tons on November 30 and 3,751,030 tons on October 31.

"MUSIC HATH CHARMS"

Every nation, every race finds its highest form of expression in music—the one universal language. Its influence is felt in every walk of life, in every strata of society, and it has often been said that "a home without music is not a home."

The following statement speaks for itself. Written to this school and signed by Mr. LaVerne Irvine, former supervisor of music in the New Castle public schools: "Due to the large enrollment of our public school instrumental classes, it is impossible for the instructors to give much time to the individual members of the various classes. Consequently it is an asset to the individual members of school orchestras and bands if they compliment their school work with private instruction outside of school. New Castle is fortunate in having several efficient private schools and many additional private teachers under which the students of music may study the various instruments with great profit. Every serious student of instrumental music should take advantage of these resources." Signed, LAVERNE IRVINE.

Outline Plans For Convention

Facilities Needed For Educational Convention Are Presented

SECURING ROOMS FOR MANY DELEGATES

In presenting the facilities of New Castle for handling of the state convention of the Pennsylvania State Educational association which will be held here December 26 and 27, 1929, Dr. C. C. Green, superintendent, compiled some statistics which were presented to Dr. Charles R. Foster, state president and Dr. J. Herbert Kelly, executive secretary.

For general sessions and other large group meetings the compilation shows the auditorium of the Cathedral capable of holding 3,000. The House of Delegates will meet in the Senior High school auditorium which will hold 1,200. The main dining hall of the Cathedral capable of seating 1,000. Commercial exhibits will be held in the ball room of the Cathedral and in the lobby and on the mezzanine floor.

Sectional Meetings.

For sectional meetings Dr. Green has compiled the following: Cathedral, three rooms each seating 360; one room setting 200; one room seating 100; one room seating 80; one room seating 60 and one room seating 50, a total of 1,570 that can be accommodated at once in various rooms.

The Senior High school has six roomsc each seating 100 and one room seating 80. The Highland United Presbyterian church has one room seating 700 and one room seating 300. In all there are 17 rooms accommodating 3,250 people all within a radius of two city blocks.

Hotel accommodations show the following: Castleton, 350; Fountain Inn, 175; Leslie, 175; Little Hotel, 50; Lawrence, 30; Colonial, 50; Y. M. C. A. 50; Y. W. C. A. 16, Crawford Oak Ridge 20 a total of 916.

A preliminary survey of the city shows accommodations for 1,589 in private homes which number will be doubled in the next few weeks it is anticipated. At the present time there are accommodations for 2,505 in sight.

Taxi Service.

The convention will not depend upon the taxi service of the city entirely for transportation as a fleet of 100 automobiles will be called into service for the purpose of transporting guests. The restaurants here, good when an ordinary crowd is to be handled but inadequate for handling such an immense crowd will be augmented by services in the Cathedral where it is planned to serve 1,000 each day.

In order to expedite matters no delegates will have to make arrangements for his hotel rooms. The hotel committee of which Frank L. Orth is chairman and Miss Marjorie Rhodes vice chairman will take over the task of assignig rooms and delegates will be instructed before hand where they are staying and their room number.

Under the general chairmanship of Dr. C. C. Green superintendent of schools the convention plans are taking shape and by spring the skeleton of the plan will be built, ready for the superstructure that will be built upon it in the fall.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Most of yesterday was spent at the Road Supervisor's convention held in the court house. Now some of you folks who never lived outside of the city limits in your life may wonder what a road supervisor is, what he does and why.

A road supervisor is the lad who is charged with the responsibility of keeping up the dirt roads in the township in which he lives and like a school director is always wrong in the minds of some people.

He gets paid a little for his work, mighty little, but the people make up what they lack in payment, in criticism. If the supervisors repair one road, the fellow living on the next road swears that there is something rotten somewhere. If he crowns the road too high he gets criticised and if the crown is too low he gets it again. If the crown is just right nobody says a word.

He is supposed to dry up the roads in the spring and dampen a bit in the summer, straighten out the ruts, keep the ashes spread out evenly, get slag when there is none, have his ditches just deep enough and keep the roads from pock holes. If he does all this the answer is that he is supposed to, if he doesn't the neighbors get up a petition to have him thrown out.

It's a nice job if you like them that way but in spite of the panning and the criticism there are still men who will run for the office and do the best they can.

Here in Lawkrence county there are some townships with little assessed valuation and a lot of roads. This is where the supervisor is expected to be a magician and produce good roads out of his hat. If he can't he is supposed to get a new hat.

Every year the supervisors from all over the county get together and talk things over and after attending three or four such conventions you can take my werd for it that the job of a road supervisor is hardly one conducive to a long life.

This flu epidemic is getting blamed for a lot of things. Now the doctors are telling us that kissing is dangerous, that it transmits flu and that it shouldn't be done. The advice is probably that of some medico who is 82 and has hardening of the arteries.

My own physician is a young fellow and while he prescribed a lot of lotions that tasted like the drainings out of a crank case he never once suggested that kissing should be barred, not hat it was necessary or anything like that but the doc I patronize doesn't have that kind of ideas.

Just the other day another doctor came out with a treatise saying that kissing never gave anybody anything. That's not entirly right either for it gave many a fellow something to work for the rest of his life. It's also given a lot of lawyers some nice snappy divorce cases.

Don't know just what the ladies think of the proposed kiss ban during flu times, but the Society Editor opines that most girls would sooner take a chance.

That trial down at York, Pa., will probably add another word to the English language and that word "hexing." After the famous "hex" trial the chances are that in the future when any one tries to get some one else's goat he will be accused of "hexing."

New Castle police officers showed the Ohio lads something in the way of snappy work in the capture of Ed Kaltenbaugh. The Canton sheriff is tickled pink with the work done here and now the next thing to do is see about that $1,000 reward.

Victory Luncheon By County W.C.T.U.

Will Take Place In First Presbyterian Church Of This City, Tuesday, January 15

Annual meeting and Victory luncheon of Lawrence County Woman's Christian Temperance Union will take place Tuesday, January 15, at one o'clock in the First Presbyterian church, corner of North Jefferson and Falls street, the president, Miss Margaret S. Walker announced today.

The luncheon will be served in the church dining room, and it is expected that a large gathering of people interested in the cause of temperance will attend.

The principal speakers of the day will include Dr. C. J. Williamson, pastor of the Highland United Presbyterian church and Attorney Charles R. Davis of this city. Mrs. J. W. McCreary will be in charge of the music. Selections by the Elizabeth Brewster orchestra will be a pleasing feature of the afternoon.

NORTH BEAVER EGG SHOW IS POSTPONED

The annual egg show of the North Beaver poultry club which was scheduled for two p. m. Wednesday afternoon was concelled at noon yesterday due to the fact that a number of the club members were ill and also because of the death of one of the community's oldest residents.

The meeting has been postponed indefinitely. However, it is thought that it will occur some time in the near future, the date being set to fit in the schedule of H. H. Kauffman, poultry expert, who was to speak at the meeting.

Danger Signals of High Blood Pressure

"Dizzy spells, hot flashes, pains in the head, shortness of breath, sleeplessness, and nervousness usually indicate high blood pressure," warns physician who found treatment to reduce it.

These are symptoms which show an accumulation of poisonous waste matter in the system or that one or more of your organs has weakened and caused the heart to be overtaxed. Check it at once for it is known high blood pressure brings on hardening of the arteries, and other serious conditions.

Norma, a physician's prescription, reduces blood pressure so surely it is regarded as a great medical success. Often one bottle brings prompt relief. Ask for Norma at any drug store.

Best Remedy for Obstinate Cough Made at Home

You'll never know how quickly a stubborn cough or chest cold can be conquered, until you try this famous recipe. It is used in millions of homes, because it gives more prompt, positive relief than anything else. It's no trouble at all to mix and costs but a trifle.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup or strained honey to make a full pint. This saves two-thirds of the money usually spent for cough medicine, and gives you a purer, better remedy. It never spoils, and tastes good—children like it.

You can actually feel its penetrating, soothing action on the inflamed throat membranes. It also promptly loosens the germ-laden phlegm, and at the same time, it is absorbed into the blood, where it acts directly on the bronchial tubes. This three-fold action explains why it brings such quick relief even in severe bronchial coughs and "flu" coughs.

Pinex is a highly concentrated compound of genuine Norway pine, containing the active agent of creosote, in a refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

Mrs. Hamilton Is Buried Wednesday In Clinton Cemetery

Impressive Services Conducted At Home Of James W. Rhodes, Highland Avenue

The services which were the last testimonial of regard to Mrs. Jessie B. Hamilton were held yesterday at the home of her nephew, James W. Rhodes, 1005 Highland avenue. Rev. Walter E. McClure, pastor of the First Presbyterian church of which she was a member was in charge of the service. In this he was assisted by Dr. Robert Clark, a nephew of Mrs. Hamilton and Rev. J. G. Bingham of Wampum Presbyterian church.

Mrs. James A. Rugh accompanied by Mrs. Paul Welsh sang two beautiful selections, "Abide With Me" and "Good Night." The profusion of flowers spoke of the love, friendship and esteem of those who had been her associates in life.

In the Clinton cemetery with the many of her kindred who had preceded her in death, including parents, husband and two infant children, kind hands laid her to rest. The pall bearers were Edwin M'Anlis, Terry Davidson, James Rhodes, James Wilson, Joseph Wilson and Lawrence Wilson.

Straightforward and true, sincere and loyal in every relationship, Mrs. Hamilton will be missed not only by her many friends, her church, her club associates—but by many others to whom she has proved a friend in need. These can testify to her unselfish, generous spirit.

Poultry Club Has Minature Egg Show

Plaingrove Poultry Club Meet Wednesday Evening At Community School

Members of the Plaingrove Poultry club met Wednesday evening at the Plaingrove consolidated school building for their annual miniature egg show. H. H. Kauffman, poultry extension expert from Penn State college was present and addressed the poultry raisers meanwhile demonstrating the various points of eggs from the samples on display.

This is a yearly display of the county poultry raisers and has met with success each year, states county agent Harold McCulloch, in charge of the work.

Mother Weeps, Son On Trial At York, Penna.

Mother Of John Curry, 14, Weeps Bitterly As Son Is Placed On Trial For Life

JURY SELECTION STARTED TODAY

By JAMES L. KILGALLEN
International News Service Staff Correspondent

COURTHOUSE, YORK, Pa., Jan. 10.—With his mother sitting beside him in the prisoner's dock, crying softly, John Curry, fourteen, was placed on trial today charged with the murder of Nelson D. Rehmeyer, aged farmer-recluse. Young Curry, Wilbert G. Hess and John Blymyer, a "Powwow Doctor," bludgeoned Rehmeyer, whom they believed to be a witch, to death on the night of Nov. 27, last.

Blymyer, the first of the two to be tried, was sentenced last night by a jury which found him guilty to life imprisonment.

Curry and Hess were brought into court this morning. Immediately Curry's attorney demanded a separate trial for the boy. This was granted automatically.

Selection of the jury was begun at once.

The boyish, apple-cheeked, black-haired Curry smiled jauntily as he gazed around the crowded courtroom. He paid little attention to his mother, Mrs. Anna Curry McLane, who sat just back of him, a handkerchief to her eyes.

Hess, who is eighteen, a skinny, gawky blonde youth, seemed frightened as he sat in court, shackled to a deputy sheriff. He had none of the assurance of Curry, or of Blymyer. After Curry's trial got under way, Hess was taken to the York county jail, where Blymyer is confined in a cell awaiting the day when he will begin serving his life term in the Eastern Penitentiary at Philadelphia.

Judge Ray P. Sherwood speeded up selection of the jury by eliminating conscientious objectors to capital punishments in a body.

Eight jurors were selected within twenty minutes.

The jury was completed at 10:30 a. m. They are Harold Hoenbold, farmer; Alexander McLean, merchant; William Neumann, blacksmith; David Arnold, painter; E. N. Kilgore, farmer; J. G. Hosler, farmer; Ray Hoffacker, farmer; Albert Hykis, farmer; C. E. Hessler, farmer; Lester Sell, merchant; Raymond Stonesifer, laborer and Harry Burnstack, mechanic.

Local Firm Will Remodel School

Representatives of the W. G. Eckles company, architects, of this city, were in Franklin recently and appeared before the school board there relative to the matter of remodelling the Ninth street school building, a red brick structure located at the corner of Elk and Ninth streets. A sketch of the remodelled school house was presented to the members of the board by the firm's representatives at that time.

The cost of the remodelling work, roughly estimated at $50,000, is largely contingent on the extent to which the school board will find it necessary to remodel the old part of the building.

Remodelling plans as prepared by the board show that a new heating plant and a general bringing up to date of the building would be attempted. Such improvements have just recently been made on two other schools there.

Housekeeper Sues Little Beaver Man For $910 In Wages

Mrs. Ida M. Thomas Files Claim Against James L. Ault At Court House

Mrs. Ida M. Thomas has filed a suit at the prothonotary's office against James L. Ault of Little Beaver township, in which she asks payment of $910, alleged to be due her for wages. Mrs. Ault claims that on December 20, 1920, Mr. Ault requested her to come to his home to work. At that time Mr. Ault was suffering from a broken leg.

Mrs. Thomas had a ten year old son, whom it was agreed should accompany her and assist in doing the chores as a part payment for his board. Mrs. Thomas says that she nursed Mr. Ault and attended to the household duties and live stock. In all she was at the Ault home 260 weeks, leaving in June, 1927.

During that time she says that she received only $70, but on various occasions she made loans to Mr. Ault, the total of which about equalled what she had been paid.

She believes that, taking into consideration the fact that her son was with her, that her services ought to reasonably be worth $4.50 per week, for which she brings suit.

Sensations Sprung In Senate Inquiry

Press Agent For Rockefeller Shown To Be On Soviet Payroll

(International News Service)

WASHINGTON, Jan. 10.—A veritable Pandora's box of surprise and sensation was revealed today when the special senate committee which has been investigating forgery mills dealing in international documents, made public still further evidence adduced during its secret investigation.

Among the documents turned up by the committee was one purporting to show that Ivy Lee, press agent for John D. Rockefeller, Jr., had been on the payroll of the Soviet government of Russia. This document in the form of a memorandum, was found with those which sought to show Senators Borah and Norris had accepted $100,000 from Russia, and which the committee denounced yesterday as forgeries.

WORK OF LEGION VISITATION GROUP GETS UNDER WAY

Sharon Post Visited; Trip To Mercer Is Scheduled For Tonight

Seven members of the Visitation committee of the Perry S. Gaston Post No. 343 of the American Legion, working in behalf of National Commander Paul V. McNutt's banquet here in February, visited the Sharon post just recently.

The legionnaires were well received by their comrades in that city, and much enthusiasm was manifested towards the coming affair. They pledged their support for the banquet and promised to have their bungle and drum corps in attendance for a performance on that evening. A good representation of the members will also attend. Ralph Johnson heads the Sharon post.

Tonight the committee which includes, Harry M. Long, chairman, Ivor V. Davis, H. H. Rosenthal, James W. Cole, John McKibbin, Nick Speed and Pat J. Dempsey, will go to Mercer where they have been invited as the guests of the Mercer post at a special function there. Next Monday night they will go to Butler and present the cause of the banquet before a joint meeting of the Slippery Rock and Butler posts at that time.

The Youngstown post of the legion has just extended an invite to the committee, and an attempt will be made to visit that city on the evening of January 17. Various other cities will be visited in during the time that intervenes between now and the time of the banquet, February 12.

Believe Kaltenbaugh Tried To Get Job On Lawrence County Farm

Edward Kaltenbaugh, 21, self confessed murderer, who was captured near Grove City by New Castle and Ohio police, following his slaying of a Canal Fulton, Ohio, man and wife, has apparently attempted previously to locate here, states Walter Kirker of the Y. M. C. A.

Mr. Kirker, in charge of the free employment bureau at the local Y, states that the man whose pictures have appeared in the papers and reputed to be Kaltenbaugh has been at the New Castle Y and wanted a job as a farm hand.

Not only has he been to the Y once but he came again some time later and asked the second time for a job as a farm hand. This was some time during the past summer, Mr. Kirker does not know when or does he remember at what farms he advised the man to apply.

However since the publication of the pictures and the printed descriptions of the man, Mr. Kirker believes that he remembers the individual. The "silly grin," by which the man seems to be identified everywhere, was on the man's face and Kirker states that he could not help but notice the facial expression.

He was well dressed and apparently normal, stated Kirker, which helped to emphasize the grin to the onlooker. Whether it was Kaltenbaugh or not of course is not a certainty. Perhaps some farmer in the county has had this man apply for a job and can verify the belief of Mr. Kirker.

Veteran Capital Policeman Dead

Man Who Informed McKinley Maine Had Been Blown Up, Called By Death

(International News Service)

WASHINGTON, Jan. 10.—The man who carried the news to President McKinley that the Battleship Maine had been blown up in Havana harbor was dead here today—John S. Jamison, for 41 years on the police force.

Jamison was stationed at the White House during McKinley's administration. Early on the morning of February 15, he answered the telephone at the White House. Secretary of the Navy Long told him to awaken the president at once and inform him that the Maine had been blown up.

McKinley, according to Jamison, paced the floor repeating, "The Maine blown up, the Maine blown up."

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Odd jobs	3
Number of donations received	17
Number of families or individuals receiving clothing	59

Doing Good Work

Mission services, Sunday school, and sewing school are going along nicely. Were rather busy getting ready for Christmas, and delivering baskets during the Christmas season. About eighty baskets were given out. Quite a lot of candy, provisions, etc., was donated; money was also contributed to help in bringing Christmas cheer to these less fortunate homes.

There has been a lot of sickness this month, and many people were hard pressed. Many people are out of work, but work is very hard to secure. We were able to get three odd jobs for people seeking employment.

Many friends in the city donated canned goods and jelly. A lot of nice toys were sent in and distributed to the children who came to the Mission; some were also put in baskets for the children where we knew they were appreciated.

The children of the Sunday school and sewing school were given a Thanksgiving Dinner in the Mission on the afternoon of December the first. About one hundred and thirty children were present. T. J. Hinkson was chairman of this affair.

The children of the Sunday school put on their Christmas program on Christmas Eve under the direction of Miss Weimer. The program was nicely presented. The children of the Mission were given their present and their treat of candy, nuts, etc., after the program.

There were quite a lot of people traveling from place to place hunting work. We took care of them in the way of a place to sleep, and gave them a meal.

How to Get Rid of Vile Nasal

CATARRH

And Stubborn Head Colds

Insists His Discovery Opens Up Catarrh Stuffed Nostrils In Three Minutes—Sometimes Less

Advises All Catarrh Victims to Throw Away Stomach Medicines. End Loathsome Catarrh with Opex and Get Rid of Disgusting Mucus—Quick.

30 Days Free Trial Says McKee's Kut Rate Store

Catarrh, one of the most loathsome of diseases, is caused by germs—wicked, vicious, persistent pests that multiply rapidly and by digging into and devouring the tender membrane cause soreness, swelling, inflammation and mucous discharges.

A few years ago, Catarrh was considered incurable, because no one was clever enough to get together a formula that would spread over the membranes of the nasal tract a purfying substance in which catarrh germs could not exist.

But Opex changed all that and now all you have to do to get rid of catarrh is to spray on Opex and send the germs to eternity.

Just note the picture showing how Opex puts catarrh out of business. See the steam-like smoke going in one nostril and out the other.

When you use Opex you see the healing, purifying vapor as fine as smoke coming thru the nostrils—and it will come thru no matter how stuffed up they are.

Breathe in as you spray—you can reach the bottom of the lungs with Opex.

That's the way to end catarrh and to lessen those annoying, ringing, buzzing noises in the ears. Many people say it is the only way.

The price of a bottle of Opex that will last two months is $1.00—it is easily worth one hundred dollars to any man or woman who wants clean healthy nostrils free from disgusting mucus.

Opex will end the most stubborn case of catarrh in a few days, because it soothes and heals the sore, inflamed membranes, reduces the swelling and purifies the entire nasal tract.

To make it easy for catarrh sufferers in this vicinity to secure a bottle of Opex and a specially constructed Opex atomizer, McKee's Kut Rate Store has agreed to keep a supply on hand at all times and will gladly show anyone how easy it is to get rid of disgusting catarrh at trifling cost.

Opex is sold by leading druggists in America with the distinct understanding that if you are not satisfied at the end of 30 days your money will be gladly returned. Opex is delightful to use because of its wholesome fragrance

Keep your nostrils as clean as your teeth.

REWARDS.

Robert Rich, Englishman, is still living in the poor house. He found a necklace one day recently. It was worth $90. He returned it to the owner and she gave him a reward. The reward was four cents. Robert Rich probably learned a long time ago before he went to the poor house that gratitude is a thing that no human being can count on. Nobody guarantees it. Few receive it. The wise do not expect it. After all the great reward is the reward that rests within you—the consciousness that you have done a job.

THE UNHAPPY BEGGAR.

Samuel Ansel, successful salesman or beggar whichever he may be can't do business in New York. He did too well. Shaking and twitching apparently with the palsy or worse he rode on subway cars and sold pen knives. He made $500 a week cashing in on the pity of the folks. Now the police have banished him. Even at $500 a week a beggar and an impostor is still to be pitied. It is an unhappy and a miserable life. Unless an impostor is dead to every decent impulse, he pays the penalty of his own rotten life.

Five Indicted In Kidnapping Case

(International News Service)

WOOSTER, O., Jan. 10.—Elias Arnold, his two sons Arthur and William, his daughter Dorothy and her husband, Bascom McHenry, were indicted by a Wayne county grand jury here Wednesday afternoon on charges of child stealing in connection with the mysterious disappearance of Melvin Horst, four-year-old Orrville, O., boy. They will be arraigned before Common Pleas Judge G. A. Starn either today or Friday, according to Prosecutor Marion Graven. Detective Ora Slater, in the meantime, is continuing his investigation of the disappearance.

Just Rub Away Danger

That cold may turn into "Flue," Grippe or, even worse, Pneumonia, unless you take care of it at once.

Rub Musterole on the congested parts and see how quickly it brings relief as effectively as the messy old mustard plaster.

Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter irritant which stimulates circulation and helps break up the cold.

You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

GARDNER

Mr. and Mrs. T. J. Shaffer, and their three sons, Harry, Norman, and Jess, and a grandson, Master Raymond Shaffer, are nicely settled in their substantial new home at Gardner, among recent guests were Thomas Shaffer Junior, and Mrs. Shaffer, and their three daughters, Elsie, Dorothy, and Elinore, and Miss Pearl Stickle, all of New Castle. Last Sunday, Sylvestor Shaffer, of New Castle, Russell King, and Norman Lowery, both of Shenango stop, were dinner guests at the Shaffer home on Princeton avenue, of Gardner.

Miss Maude White, and her brother, Wilbur, of the New Castle-Ellwood highway, went to Akron, on Christmas, to the home of their sister, and husband, Mr. and Mrs. Fleming, who came to the White homestead on New Years.

Mrs. Harlan of Gardner spent last Sunday at the home of her brother and wife, Mr. and Mrs. William Gillette of Marquis stop.

Paul Shaffer, and Miss Leona Hayden of Ellwood City were guests of Mr. and Mrs. Kennedy of Gardner last Thursday evening.

Miss Ruth King of Shenango stop has recovered from an attack of flu. Her brother Howard has been ill for some days but is improving.

Mr. and Mrs. C. B. Anderson of Gardner entertained their son Lester and wife, of New Brighton last Sunday.

Last Saturday afternoon the funeral of Mrs. John Sherger's mother, Mrs. Mary Jane Eevan, of New Castle, was attended by Mr. and Mrs. John Sherger, and their daughter Miss Mary Sherger, Mrs. Frank Sherger, and Miss Florence Schumaker, all of Gardner.

Mr. and Mrs. John Benson of New Castle, and Mr. and Mrs. Harold Gray, and little son, Robert Harold, were all guests last Sunday at the home of their parents, Mr. and Mrs. Charles Benson of Gardner.

Dale McCoy of Youngstown is spending some time at the home of his grandparents, Mr. and Mrs. W. E. Locke of Gardner, as the boy's mother is on the jury at Youngstown. Mrs. Locke was ill with flu but is now recovered.

Rev. J. L. Petrie, pastor of Grace M. E. church, in New Castle, will preach next Sunday at Gardner chapel, at 2:30, p. m., and Mrs. Kennedy will sing.

So far as can be learned all cases of flu in our village are now fully recovered. We are very thankful for the health which all our families seem now to be enjoying.

Miss Agnes Zeigler of the Butler road was the guest of her sister and husband, Mr. and Mrs. Philip Moore of Gardner, on Wednesday.

Anthony Presky of Midland was a guest last Sunday at the home of his sister and husband, Mr. and Mrs. Walter Cross of Gardner.

Plaingrove Church Has Annual Meeting

Dinner Concludes Customary Meeting Og Presbyterians; Officers Elected

The annual congregational meeting and dinner of the Plaingrove Presbyterian church was held on Monday, January 7. The meeting was called to order by Howard L. Gardner, president of the board of trustees, and then N. A. Offutt led in prayer. Immediately, Alvi Stevenson was elected chairman and Mrs. Philo Rogers, secretary, for the meeting.

The report of last year's meeting and the annual trustees' report was read by W. J. McDannell, and accepted. Then William Gardner gave the auditor's report and Philo Rogers that of the cemetery committee. Both reports were accepted.

Following the reports came the election of officers at which time these members were named to serve the congregation in various capacities. Charles W. Eppinger and John C. Sankey were elected to serve as trustees for three years, while William Gardner was chosen to act as auditor; Clarence Stevenson, choir leader, and Raymond McCleary and James Stevenson, ushers, each for a three years' period.

At noon a delicious dinner was served, covers being laid for 50 persons. At this time Alvi Stevenson presented Rev. A. I. Dickenson with a handsome chair as a gift from the Men's Bible class of the church.

Don't Neglect a Cold Now, is Doctor's Advice

Don't neglect any cold nowadays. Colds are so weakening; and in a weakened condition, you are so susceptible to more serious troubles.

When you find you are catching cold, take care to keep the bowels open. That's the first precaution every doctor advises. That's the way to avoid the congestion which makes you feverish, achy, half-sick, miserable.

Millions know the quick way to open the bowels, keep them active, is with Dr. Caldwell's Syrup of Pepsin. Every second of the day someone, somewhere is going into a drugstore to get a bottle of this splendid medicine, made from simple laxative herbs and pepsin by the formula Doctor Caldwell found so effective during his 47 years' medical practice.

Dr. Caldwell's Syrup of Pepsin is mild and gentle in its action but it is promptly effective on the most robust constitution. Containing neither narcotics or opiates, it is safe for the tiniest baby. Children like it and take it gladly.

For colds, fevers, biliousness, indigestion, headaches, heartburn, nausea, bad breath, loss of sleep—any troubles caused by poor digestion or faulty evacuation, Dr. Caldwell's Syrup of Pepsin will prove a blessing.

State Salaries May Be Boosted

Pennsylvania Salary Commission Suggests Board For Each County

PLAN ELIMINATES MUCH LOG-ROLLING

(International News Service)

HARRISBURG, Jan. 10.—Salary increases for the governor and several members of his cabinet, judges of all state courts, and numerous county officials was suggested in a preliminary report of the Pennsylvania Salary Survey Commission issued here today.

The report also recommended creation of salary boards in every county and suggested repeal of several statutes now dealing with salaries. A more complete report will be issued with in a few weeks for consideration of the General Assembly.

Home Rule

The principle of "home rule in salary affairs" was the keynote of the findings of the commission which was composed of Clinton Rogers Woodruff, Philadelphia, chairman; Senator A. J. Sordoni, Luzerne county, Senator Frank Baldwin, Potter; Representative Morris Witkin, Philadelphia, and Representative Helen Grimes, Allegheny, secretary.

Under the plan suggested by the commission, the salary board in each county would be composed of the county commissioners and the county controller and in counties where there was no controller, the county treasurer would be a member. The fifth member of the board would be the head of the department in which salaries or the employment of additional subordinates is under consideration.

Should Be Local

The commission also recommended that the Legislature no longer be allowed to fix salaries or decide the complement of offices which have a purely local jurisdiction. In speaking of the old system, Woodruff said: "Log rolling has been the result and that is what the commission wishes to get away from. Members voted for bills out of courtesy to other members, and expected the same courtesies in return. This was a perfectly natural development. The commission's recommendations will eliminate rather than add to political considerations in salary fixing."

The commission favors increasing the governor's salary from $18,000 to $20,000 a year and would raise the attorney general and superintendent of public instruction to $15,000 a year, making the minimum salary of other members of the cabinet $10,000. Judges of the supreme and superior courts and the courts of common pleas of the first, second and third class counties would be given an increase of $2,000 a year while in other counties judges would receive an increase of $1,000. Judges of the county court of Pittsburgh and the Municipal court of Philadelphia would be raised to $11,000 per year.

Schedule

The commission's schedule of salaries for counties follows:

First class county—sheriff, $15,000; prothonotary, and district attorney, $12,000; clerk of courts, treasurer, and recorder of deeds, $10,000; county commissioners, controller, and coroner, 8,000; register of wills, $5,000.

Second class—County commissioners' chairman $15,000; other commissioners $12,000; sheriff, prothonotary, controller and district attorney $10,000; treasurer, coroner, clerk of courts, $8,000; register of wills, $5,000; each jury commissioner, $4,000.

Third class—Commissioners, controllers, district attorneys, $8,000; sheriffs, prothonotary, recorder, treasurer, $7,000; clerk of courts $5,000.

In fourth, fifth, sixth, seventh and eighth class counties many small increases are recommended by the commission, all of which will be incorporated in the final report to the Assembly.

A New Way to Make Skin Flawless

New Kind of Creme Works Like a 6-fold Facial Treatment

HERE is a creme you can use like ordinary cold creme . . . the same case, the same cleansing properties . . . but it brings 6-fold benefits. Made a new way . . . of six costly ingredients never known in cold creme . . . it brings new results. Clears—whitens—smooths—penetrates—actually reaches all three layers of skin tissue.

Expect New Things

Skins that don't respond to cold creme show amazing improvement with this 6-fold creme, women say. Its penetrating oils have a natural whitening effect on skin that is tanned or darkened from exposure. Blackheads, tiny eruptions, freckles, etc., lodged in or between skin layers, are reached by this penetrating creme. Under this new kind of treatment blemishes are dissolved. Coarse pores disappear, because the underlying tissues are stimulated. The pore "pocket" is filled out, and the skin surface tends to return to that smooth, velvety texture.

Gervaise Graham Beauty Secret is not a cold creme . . . not a bleach creme . . . not a skin food. In it I put the finest beauty aids known. The principal parts are imported from France and Germany. By a painstaking laboratory process I blend them until they emulsify. Thus each element imparts its utmost benefit.

See what a 6-fold creme will do for your skin. See what a difference it makes when tonic oils reach all three layers of skin—not merely cleansing—not merely protecting the surface—but clearing, whitening and smoothing the skin to flawless texture.

Positive Guarantee

So utterly different is Beauty Secret that I guarantee to refund your money if this creme does not give you results that you can really see.

Gervaise Graham Beauty Secret

LARGE $1.50 JARS NOW $1.29

Pressing New Castle's Need Of Much Greater Post Office Facilities

By ARTHUR C. WIMER
Special Washington News Correspondent

WASHINGTON, D. C., Jan. 10.—Congressman J. Howard Swick is working hard in Washington these days with a view to having the New Castle postoffice included in the present year of the federal five-year building program.

Congressman Swick has conferred with the joint building committee of the treasury and postoffice departments and has been advised that two new postoffices will be allocated to Pennsylvania in the program to be submitted to congress this month. Eight cities in the state remain yet to be supplied with postoffices under the federal five-year building plan, and the two of these cities most in need of relief will be included in the schedule now being drawn up for the present year.

Congressman Swick has written to Postmaster Crawford, requesting him to forward to Washington immediately a report of the activities and needs of the New Castle office. The congressman plans to present this report, personally, to the joint building committee, and will at the same time argue New Castle's cause.

The building committee on the 15th of the month will decide what two cities of Pennsylvania will be included in this year's program, and Congressman Swick is desirous of presenting the report from Postmaster Crawford as soon as possible.

It has not yet been decided whether a new postoffice will be constructed in New Castle or an addition added to the present structure. The joint committee has recommended the expenditure of $355,000 on the project.

Illness Is Cause Of Mailing Delay

Postmaster Informed Drivers Permit Applications Held Up For Week

(Special To The News)

WASHINGTON, D. C., Jan. 10.—Postmaster Crawford of New Castle has been informed by the post office department that the delay of delivery of drivers' permit applications to residents of the city has been brought about through the illness of personnel in the state highway department at Harrisburg and not through negligence of postal officials.

Under agreement of the post office department with the state highway department, applications for operators' permits sent out by the highway department have been postmarked Harrisburg, December 31.

Because of excessive illness in the personnel of the highway department, however, that department requested the postmaster at Harrisburg to delay dispatching the permit applications until January 7.

Acting First Assistant Postmaster General Charles F. Trotter has called the cause of this delay to the attention of Postmaster Crawford so that he may explain the lateness of the arrival of the applicants to patrons of the New Castle office.

Wife Arrested In Detroit; Foil Plot To Murder Husband

Hired Gunman Is Shot To Death, Deputy Sheriff Wounded By Gangster

(International News Service)

DETROIT, Mich., Jan. 10. — Mrs. Grace Wood, 39, comely, socially prominent matron, wealthy in her own right and a University of Michigan graduate, was under arrest in the women's detention room at police headquarters here today in connection with an alleged plot to murder her young husband, Ralph A. Wood, after the plot had been foiled by a spectacular gun battle in the dark in which one of the conspirators, a hired gunman, was killed by Wood and a deputy sheriff wounded by one of the gunmen.

Menkes To Discuss Twentieth Century

Temple Israel Services To Be Held Friday Evening At 8 O'clock

What actual and striking changes have occurred in the years of the 20th century? Has any marked progress been made in any direction? What shall we do in preparation for the coming years?

These are the questions which will be discussed by Rabbi Menkes in his lecture at the Friday evening services at Temple Israel tomorrow night at eight o'clock. After the services there will be a social hour with Mrs. H. Manes and Mrs. Lreinhard acting as hostesses. Saturday morning services are scheduled for 10:30.

Legion Of Honor To Meet Tonight

New Officers Will Be Installed And Instruments Distributed

New officers will be installed when the Consistory Legion of Honor meets in the Legion room at The Cathedral at 8 o'clock this evening, announces Captain Melvin L. Craig, commander of the Legion.

Instruments for the Legion of Honor Drum and Bugle Corps are here and will be distributed to the members at the meeting. All are requested to be present.

Alliance Quintet To Broadcast Songs

The thousands of people of this city who listened with much pleasure to the singing of the Alliance Colored Quintet at tabernacle on South Mill street, while the Erickson evangelistic campaign was in progress will be interested in learning that word has been received here that the quintet will broadcast every Saturday night during the present month from Station WMAQ at Chicago. They will broadcast at 11:15 p. m. Eastern Standard Time, and will appreciate expressions of approval of their work from friends here as well as elsewhere. Those desiring to inform them of their good work over the radio, also the fine reception, can do so by dropping them a post card as follows:—Mr. and Mrs. John W. Parker, 3201 South Park Way, Chicago, Illinois.

Wonderful for Piles

Suffered For Years; Says There's Only One Remedy

John O'Leary, Buffalo, for 14 years Supervisor of the Second Ward, wants to pass the good word along.

"Take it from me," says Mr. O'Leary, "when you suffer torment with piles for many years as I did, and tried all kinds of remedies without any success, you'll be glad to say a good word for the only remedy that is any good."

"Peterson's Ointment rid me of piles so quickly that I was astonished. I felt somewhat peeved, however, to think that I had suffered so many years before knowing what a wonderful remedy Peterson's Ointment is. Let me thank you from the bottom of my heart."—John O'Leary.

Any live druggist will tell you about Peterson's Ointment—a big box for 35 cents. Use it for old sores, ulcers, itching eczema, rashes, burns, bruises, chafing and all skin diseases—there is nothing better.

Splendid Interest In Revival Services

Large Congregations Hear David Fant Each Evening At Alliance Gospel Tabernacle

A splendid interest and good attendance are outstanding features of the special evangelistic services being conducted each evening in the Alliance Gospel Tabernacle, Pearson street, under the leadership of David Fant of Atlanta, Ga., prominent gospel preacher and engineer on the Southern railroad.

Mr. Fant is attarcting the crowds that are attending the services nightly by his heart searching and forceful gospel messages. He is an unusually interesting speaker and is as much at home in the pulpit as at the throttle of his engine.

This evening Mr. Fant will preach on the theme "God's Testings and Deliverances." At the close of the service there will be baptism.

On Friday evening his subject will be "Sowing and Reaping."

Van C. McCrory Will Be Buried At Johnstown, Pa.

Late Vice President OfMcCrory Stores To Be Laid To Rest In Johnstown

(International News Service)

JOHNSTOWN, Pa., Jan. 10.—Arrangements were completed here today by Mr. and Mrs. John G. McCrory of New York for the funeral of their son, Van C. McCrory, aged 34, who was accidentally shot Tuesday in a hunting accident near Orlando, Fla.

The body will arrive here some time Friday.

Services will be conducted Saturday afternoon in the First Presbyterian church, in charge of Rev. Robert MacLeod Campbell, pastor, assisted by Rev. Dr. Horace Jacobs.

The body will be placed in the McCrory mausoleum in Grandview cemetery.

Van C. McCrory was born in Johnstown in 1894. He was vice president of the McCrory Stores and frequently visited the two stores here.

The pendulum swings, and the ladies will give up in despair and return to femininity whenever men let their whiskers grow.

Gas In Stomach Hurts the Heart

Thousands of Cases of Heart Failure Are Caused by Acute Indigestion, Says Medical Writer

Gas pressure from sour, acid, upset stomach is not only nauseating and highly uncomfortable but some day it may prove fatal!

When your meals are followed by bloating, a feeling of fullness or pressure, shortness of breath and pains around the heart, you may be sure that the acid condition of your stomach is producing a GAS that is pushing upwards and crowding your heart. That's the reason for the shortness of breath and sharp, shooting pains.

Whether young or old, the presence of stomach gas is truly serious and should always be given prompt and careful attention.

To quickly banish gas, cleanse and sweeten the stomach, neutralize the acidity—nothing is better than the daily or "as needed" use of ordinary Bisurated Magnesia. It gives almost instant relief.

Any good druggist can supply Bisurated Magnesia, in powder or tablet form, at very small cost—but be sure you get BISURATED Magnesia—recommended by Doctors and Druggists throughout the civilized world for more than 15 years.

DRIVE
The old car another year!

DEPRECIATION on an automobile is greatest the first year, becoming less each succeeding year; so, you see, it's good business to drive the old car another year, and use a part of that money to modernize, beautyize and happyize your home. Nothing pays back so much in genuine satisfaction as money spent for good home furnishings!

It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

Swick Requests Pension Increases

(Special To The News)

WASHINGTON, D. C., Jan. 10. — The granting of a monthly pension of twenty dollars to Edith Patton of Slippery Rock and the increasing of the pension of Elizabeth McCurdy to $50 a month, 807 Fairview avenue, Butler, is requested in two bills presented to the House of Representatives by J. Howard Swick.

Mrs. McCurdy is the widow of John McCurdy, late of Company E, Forty-Sixth Regiment, Pennsylvania Volunteer Infantry, and Miss Patton is the helpless daughter of Henry W. Patton, late of Company F, One Hundred and Twelfth Regiment, Pennsylvania Volunteer Infantry.

Congressman Swick's bills have been referred to the house committee on invalid pensions.

Blymyer On Stand In Own Defense, Is Glad Rehmeyer Was Killed

By JAMES L. KILGALLEN.
International News Service Staff Correspondent

COURT HOUSE, YORK, Pa., Jan. 10.—"I did right in killing Nelson D. Rehmeyer he had me be-witched. I feel much better since we killed him. I can eat, sleep and rest."

John Blymyer, a gimlet-eyed, peak-nosed, wan-faced "pow-wow doctor" made this amazing declaration from the witness stand Wednesday while testifying in his own defense to the charge of first degree murder.

Without a tremor, he related the bloody details of how he, Wilbert Hess and John Curry, beat Rehmeyer, a Black Arts practitioner to death and set fire to his body when he resisted their efforts to obtain a lock of his hair. They wanted to bury the hair under eight feet of ground and break a bad luck spell Rehmeyer had cast over them. O woman pow-wow doctor, Madame Knoll of Marietta, had told Blymyer that Rehmeyer was the one who had him "be-witched."

Q.—(By Defense Attorney Herbert B. Cohen)—Do you feel you did right in killing Rehmyer?

A.—Yes, I do. I am no longer be-witched. Now that he is dead the spell is broken.

Q.—Was the fact that you felt Rehmeyer had you be-witched killing you?

A.—Yes.

Q.—Would you have killed the judge of this court if you were told he had you be-witched?

A.—Yes, if he had me be-witched.

Q.—Would you have killed the district atorney?"

A.—"I would."

Took Pocketbook.

The witness was later turned over to District Attorney Amos W. Herrmann for cross-examination. He sought to develop that robbery, not witchcraft was the motive for the crime. Blymyer had admitted they had taken a pocketbook from the home of the farmer-recluse after the slaying containing a few dollars.

Under cross-examination Blymer said he got $10 from Milton J. Hess, father of Wilbert Hess "to get a "Queen Elizabeth brooch" a charm from Sam Schmuck, a York pow doctor.

Blymyer declared he had posed as "John Albright" so he would not be taken back to the insane asylum at Harrisburg.

He was shown his signed confession. He admitted the signature was his but did not know about the wording.

The defense rested at 2:55 p. m., when Blymyer was told "that's all."

GALE LIFTS FARMER, RACK FROM WAGON

GREENVILLE, Pa., Jan. 10. — Recent storms, accompanied by high winds, played their prank on Roberts Bates, a farmer near here. He was riding a hay-rack on his wagon, when a strong gust of wind lifted and carried it 10 feet to the roadside. He was pinned beneath it and after being taken to the Warren, O., hospital, it was found that his hip was badly crushed. Fear of pneumonia developing complicated his illness.

Council To Hold Special Meeting

"Loyalty To Christ" Will Be Theme Of Conference Next Sunday

INSPIRING PROGRAM ALREADY PREPARED

Plans for the special Young People's conference that the New Castle Inter-Sunday School council will hold in the auditorium at the Y. W. C. A. on Sunday afternoon January 13 have been completed and the complete program announced by T. J. Davies, superintendent of the council.

The meeting will be open to all young people who are members of a Sunday school in New Castle or vicinity. A registration will be made preceding the opening of the afternoon's program at 2 o'clock but no fee will be charged for this. Mr. Davies and his associate superintendents, Miss Geneva Fleming and other council officers welcome all who care to be present next Sunday afternoon. It is especially urged that pastors of the churches here make certain that at least four delegates two girls and two boys are notified to represent their Sunday school at the meeting.

Following is the program that will be given during the afternoon.

2:05 p. m.—Praise singing, Frank Brenneman, conductor; Frances Turner, pianist.

Theme—"Loyalty to Christ."

Bible Text—"Thou Shalt Worship the Lord Thy God and Him Only Shalt Thou Serve."

Geneva Fleming associate superintendent, presiding.

"Jesus an Example of Loyalty." Matt. 4:1-11, Clarence Ruthrauff.

Orchestra selection—A. W. Bauman, director.

"Loyalty to Your Home Church"—Austin Cowmeadow.

Group Work — Mary Elizabeth Sharp, leader.

Subject—"What Things Shall we do to Please Jesus in 1929?"

(A period of consecrated self-analysis.)

"What Prayer Hath Wrought"—Mildred Cowmeadow.

Solo—Mrs. W. O. Parks.

"What and Why is Worship?"—Elizabeth Bell.

"The Value of Christian Ideals in Athletics'—Wesley Leach

"My Sunday School Class and Yours'—Margaret Henley.

"Loyalty Expressed in Personal Ideals"—Kathryn McGrath.

"Loyalty Expressed in Christian Living"—Dewayne Glenn.

Duet—Ruth Stanley and Mildred Hart.

"Full-Time Christian Service"—Elizabeth Woods.

Orchestra selection.

"Part-Time Christian Service"—James Remley.

"World Brotherhood" — Claudia Boughter.

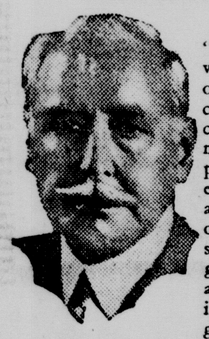
Friendship Circle—Ethel Brewster.

Singing—"Best Be the Tie That Binds"

Benediction.

Father: don't take "flu" home to the baby

Dr. David says: "Take these two precautions daily"



"Fathers who are out in the crowds, contacting many people every day, are the very ones who should guard most against influenza germs.

"It is not yet clear how such germs are spread or passed on from one to another, but the man who keeps well himself is actually protecting his family too.

"I'm going to prescribe *two* daily precautions. If you follow them, the chances are you'll be safe.

"First keep a bottle of Mistol handy and use it freely. It is quite harmless but it *does protect* against influenza germs.

"Mistol is easy to use in the office because of the handy dropper for applying that comes in the package. Tilt the head far back and let the soothing Mistol run down the back of the nose and throat. You'll feel the cleansing effect at once. And if you have a sore throat or touch of a cold, gargle Mistol freely too.

"The second safety measure is as easy as the first. Take a dose of Nujol every night. Nujol keeps the system in good condition.

"Physicians agree that, particularly in times of epidemic, purging by laxatives and cathartics is not advisable. Many doctors are therefore prescribing Nujol, as in no case does it cause exhaustion or weakening of the system in any way.

"Nujol is as harmless as water. Just a pure natural substance that keeps the system functioning as nature intends it to."

The combination treatment of Mistol and Nujol is a double check against "flu" and colds. Both products are on sale at all druggists, now.

Cost $1,773.90 To Convict Murderer

BUTLER, Pa., Jan. 10.—The trial of Earl Jones for the alleged murder of his wife, Nellie Adams Jones, resulting in his conviction December 22, cost Butler county $1,773.90. The fees and boarding of jurors cost $560, the latter item reaching $402.40 at the Hotel Nixon. Ten jurors were paid for six days and two for five days, the latter having been selected on the second day of the trial.

Famous Actor Visits Lawrence County Today

(Special To The News)

NEW WILMINGTON, Pa., Jan. 10.—E. H. Sothern, whose name has during his lifetime become historical in the American theater because of his long series of great roles presented in association with Julia Marlowe, is now making his first American tour as a lecturer. He has been engaged by the lecture course of Westminster college to give a dramatic recital this evening in the United Presbyterian church. Appearances in Pittsburgh and Cleveland are the only other engagements Mr. Sothern has in this section.

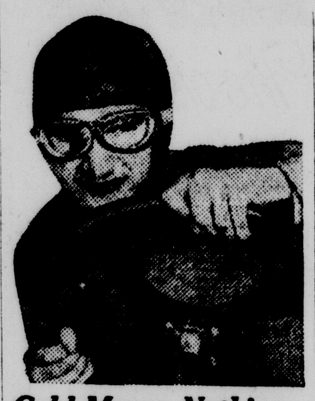
Mr. Sothern began his stage career in the so-called "palmy days" of the theater. His early experiences and training were in the time of stock companies and the first traveling organizations. He has seen the wheel of the stage fashion turn round in its course. Before he acted Shakespeare, he was regarded as the leading romantic comedian of his day, and his era in that school of drama was the era when costume plays flourished.

"I am told that the public is clamoring for the costume play", Sothern recently remarked. "I have never understood just what the opposition to the costume drama has been, unless the plays in question were not good. If a drama is good, why isn't it better if it is written in poetic speech and dressed in beautiful costumes? I always have found that a good play is a good play and catches its audience regardless of its period. Costumes do not handicap a piece; rather they aid it.

"The chief difficulty with costume plays in these days is in securing plays who can act them. There is no guide in seeing an actor in a modern drama as to what he may be able to do in a costume piece. I recall that once we engaged a young actor who stood very high in modern drama and since has won considerable reputation and fortune in motion pictures. At the time he was regarded of such exceptional quality that stardom seemed a certainty for him. During rehearsals, he spoke clearly, sensed the poetry of his lines, gave every evidence of filling all the requirements.

But when we reached the dress rehearsals, we saw in a flash that he never would do. He became all at once entirely out of the picture. It was a most difficult moment for all of us. We felt it more keenly than he did, but there was nothing to do but engage another player who had been schooled in costume plays."

Among the costume plays which Mr. Sothern will discuss this evening are "Hamlet", "Othello", "Lord Dundreary", and "If I Were King".



Cold Means Nothing to Race Enthusiast!

Driving in the open, in all kinds of weather, even those who are used to it will contract colds. They needn't worry anyone who knows a certain compound that comes in plain, white tablets. It kills a cold so quickly you can hardly believe it's the tablet that did it. Just one heads-off a cold that's coming-on; a bad cold you've had for several days may take several.

Even "flu" gives in to Pape's Cold Compound, which any druggist can give you, for thirty-five cents. Everyone has suggestions when you have a cold, but this one works!

War Veteran Is Fatally Injured

YOUNGSTOWN, O., Jan. 10.—John J. Kurtz, 38, World War veteran, died from injuries received when gas exploded in his room as he lighted a cigaret. He had rented the room only a short time before. Kurtz said, just before he died, that he ignited the gas and went to the bathroom. The explosion occurred immediately after his return. Kurtz and his wife were in domestic relations court Monday.

Driver Arrested After Auto Crash

JOHNSTOWN, Pa., Jan. 10.—Josephine Bueahl, 22, suffered a fractured skull, and John Paulovich, 23, had his right arm badly injured here in a taxicab-automobile crash. Both injured persons are patients at Memorial hospital. Miss Bueahl was riding in the taxicab. Theodore Stump, taxicab driver, was placed under arrest on a charge of reckless driving.

New Konjola Proved First And Only Relief This Man Of Many Ailments Found.

MR. WELLINGTON SMITH

No matter how long the suffering, no difference what medicines and treatments have failed, there is hope for health through Konjola, the new medicine. How this superremedy works is strikingly illustrated in the case of the venerable Mr. Wellington Smith, 87, of Alden street, Meadville, Penna.

"For years I suffered from constipation, stomach and kidney troubles and as a result of these ailments, formed rheumatism. Indigestion was terrible, and after every meal I was tortured by gas and bloating. Nothing helped me at all.

"I had read and heard a lot about Konjola, so I decided to see if it would help me. Four bottles made me feel ten years younger. My bowels are performing as they should and every bit of rheumatism is gone. I dare say that you do not think I look 87, and I certainly don't feel it. I eat anything I like and sleep like a tired boy. I think every old person in the land should know what Konjola holds out for them."

Konjola is sold in New Castle, Pa. at the Love and Megown drug store and by all the best druggists in all towns throughout this entire section.

Ranger Tells Of Yellowstone

Ben Franklin Junior High Pupils Hear Interesting Talk By Martindale

Phillip Martindale, the "horseback lecturer of the Yellowstone," on a lecture tour of the country under the auspices of the department of the interior of the United States, spoke Wednesday afternoon before the students of the Benjamin Franklin junior high school.

As in other lectures, Mr. Martindale's sole aim was to present the intimate details of wild life in that vast preserve. He cited the life of the rangers while on duty throughout the long winter months and numerous other interesting things that pertain to the rangers' work. Mr. Martindale delivers his addresses in the uniform of the U. S. Ranger service.

In part the lecturer said:

"It is very interesting to know about the greatest of all volcanoes the world has ever known, and how it buries in its thousands of eruptions great red wood forests that now stand in solid rock in sight and about the actions of the great geysers and boiling springs. However, it is far greater to consider the region he lives in as the greatest protected area of wild life in the world, where animals seem to realize their protection where 1,700 elk, 1,800 deer, 550 moose, buffalo, antelope, bears, mountain lions, lynx, mountain sheep and thousands upon thousands of fur-bearing animals roam at large, behind a seemingly imaginary line and never hear a gun shot or are chased by dogs."

Mr. Martindale brought out a close-up study of wild life, mostly bears, and says that students might well copy the mother bear as the greatest animal educators. She uses two years to educate her child. He gives a vivid description of how the bear cubs are born in hibernation during the deepest period of sleep and how the hold-up bears of the Yellowstone train the youngsters to hold up tourist cars and ask for food.

One other interesting matter was brought into the discussion by Mr. Martindale, and that was of "cabin fever". "This results from months of isolation with two men in a cabin and little connection with the outside world," Mr. Martindale says. The two men usually get somewhat angry at each other and sometime trouble begins.

The students of the school highly enjoyed the address that Mr. Martindale gave. It was both interesting and instructive and was entirely out of the ordinary from the usual addresses on Yellowstone.

Following the interesting address, Mr. Martindale showed 96 slides of striking scenes in Yellowstone national park.

Get Plenty of Sleep —May Prevent Flu

To guard against Flu be careful to get lots of sleep with at least one window part open. Keep away from crowds, drink lots of water and eat only good wholesome food. And MOST IMPORTANT be sure to keep the bowels open. The best intestinal cleanser is the simple glycerin, buckthorn bark, saline compound, known as Adlerika. This acts in 1-2 to 2 hours on BOTH upper and lower bowel (most medicines act on lower bowel only.)

Adlerika often brings out foul matter which may have poisoned you for months and which you would never believe was in your system.

Dr. H. L. Shoub, well-known New York baceriologist, after testing Adlerika on living subjects, reports: "Adlerika markedly reduces the number of bacteria and colon bacili, in addition to its intestinal cleansing action."

Give your stomach and bowels a REAL cleansing with Adlerika and see how good you feel! Just ONE spoonful gives wonderful relief in chronic constipation, GAS bloating, sour stomach and sick headache. No matter what you have tried for your stomach and bowels, Adlerika will surprise you.

It contains no aloes, calomel or senna, therefore acting without griping or discomfort of any kind. Adlerika is sold by leading druggists in tin-foiled bottles.

Four County League Basketball Games On Friday Evening

Third Series Of County Class B Games Will Occur Friday Evening

Eight Lawrence county township and borough high schools will again take off for the Class B basketball championship on Friday evening of this week. This will be the third round of games in the county series.

Mt. Jackson will meet Union at the Jackson gymnasium; Shenango will will meet Plaingrove at Shenango; Enon Valley will meet Eastbrook as Enon while Bessemer will meet New Wilmington at Bessemer.

The latter game, the Bessemer and college town quintet clash, has been changed to Bessemer. The game was originally scheduled to occur at New Wilmington but has been changed by arrangements between the schools.

Apparently the Bessemer and New Wilmington game will be the county classic battle of the evening. Both schools have been rivals for years and have both been equal contenders for championships each year. Before the game one cannot make a forcast as it is a draw and a tough battle will decide the winners.

Swimming Class At Junior High

Tonight's Class May Conclude Proposed Instruction; Others Asked To Join

Tonight may be the final evening for swimming instruction at the George Washington Junior high school if the desired number of swimmers fail to show up. According to Emmett Gillaspie, instructor, it will be necessary to discontinue the classes if at least 30 persons are not present for the instruction.

The class tonight will open at 7:30. All who can possibly enroll in the class are asked to come out tonight.

CHILDREN SAVED; PARENTS BURNED

EAST LIVERPOOL, O., Jan. 10.—Believed to have been fatally burned when their home was destroyed by fire in Wellsville, Ernest Edmundson, 25, and his wife, Ida, 24, were brought to the city hospital. Their three children, ranging in age from a few months to 5 years, were rescued by Edmundson, who then fought his way through the flames which had trapped Mrs. Edmundson in her bedroom. He carried her from the house.

An overheated coal stove is believed to have caused the fire, which resulted in a loss of $4,000.

QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 20 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative mixed with olive oil.

No griping is the "key-note" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night to keep right. Try them. 15c, 30c, 60c.

Class B League Managers Should Report All Games

All managers or coaches of county teams are asked to make the report of games played, won and lost to A. L. Winters of Bessemer, secretary of the County Athletic Association. Some of the managers have done this when a game is played on their home floor but the majority have apparently forgotten the schools contract.

The results are desired immediately not only that the public may be informed of the game finals but so that a complete and immediate record of the standing of the various county league teams can be had at all times.

Senior High Pupils Hear Of Yellowstone

Wednesday morning at the Senior high school Philip Martindale, noted ranger of the Yellowstone National Park delivered an interesting lecture to the students of the high school. Mr. Martindale related many experiences concerning the wild animals which exist at the national known park.

He also gave the history of the park from the beginning to the present day. His stories of the wild animals and his adventures was enjoyed by all the students of the school. The chapel held yesterday morning at the high school was the second held this week.

Police Are Puzzled By New Robberies

GREENVILLE, Pa., Jan. 10. — Although the arrest and confession of two youths, aged 17, cleared up seven of the recent series of robberies and halted them for a week, a new series has begun here. Owners of the Columbia service station this morning found that the office had been broken into during the night, although no loot was missing. It is believed that the burglars were frightened away before they could find anything of value.

This is the second robbery in three days since the A. & P. store here was broken into early Sunday morning and a large amount of cash taken.

Large Numbers Of College Undergraduates Will Do Practice Teaching Here

Teachers' training for undergraduates in Westminster college and Slippery Rock State Teachers' college will be undertaken in the next semester of the New Castle schools upon a scale never before attempted here, according to a statement made today by Dr. C. C. Green, superintendent of school.

By arrangement with the authorities of the schools mentioned, 120 young men and women will be in the city taking teachers' training, under the supervision of teachers of the New Castle schools who will be designated for that purpose.

To to a Teacher.

Two student teachers will be assigned to each of the instructors named. The first week of the training period will be given over largely to observation, and the second week the student teacher will begin to function.

While Westminster college has done some work in the past in sending in seniors for practice teaching, the college has never done it on as extensive a scale. The period of instruction has usually been two weeks, now it will be four weeks. The period of the State Teachers' college seniors has always been nine weeks and will continue to be so.

Many To Teach Here.

The following excerpts from recent bulletins on teacher training sent out from the superintendent's office will indicate something of the spirit in which this work is undertaken.

"Beginning on January 28 and continuing through the first month of the second semester 59 seniors of Westminster college will do their practice teaching in the New Castle schools.

"Two students will be assigned to each training teacher for one month. During that time the student teachers will give their full time to teaching and observation. No college work will be required of them during that period.

"It will be the duty of the training teachers to give the student teachers as rich and valuable a teaching experience as is possible under the circumstances. Some of these students will ultimately become teachers in New Castle schools.

"During the first week the student teachers should spend their time largely in observation, the preparation of lesson plans, and in assisting in the routine work of the school. During the second, third and fourth weeks they should seriously undertake the work of teaching. Before a student teacher attempts to teach a lesson, he should be required to prepare a lesson plan, and his lesson plan should have been carefully examined and criticized by the training teacher.

Serious Business.

"It is highly important that the student teachers be kept busy and fully impressed with the thought that teaching is a serious business."

"If properly administered practice teaching in the schools of New Castle will be a stimulus to better work rather than a disadvantage.

"The successful operation of any system of practice teaching depends upon the sympathetic cooperation of three agencies—the school system, the college, and the student teachers themselves.

"Student teachers who do not approach their work with an earnestness of purpose and a faithful effort to learn the difficult process of teaching should be rejected without discussion. Those who show little progress or a lack of the fundamental characteristics of the successful teacher should not be certified to the college as having done satisfactory work.

"It should be remembered that we are rendering an important service to the commonwealth of Pennsylvania in offering training school facilities to a college. The integrity of this service must be maintained at all times."

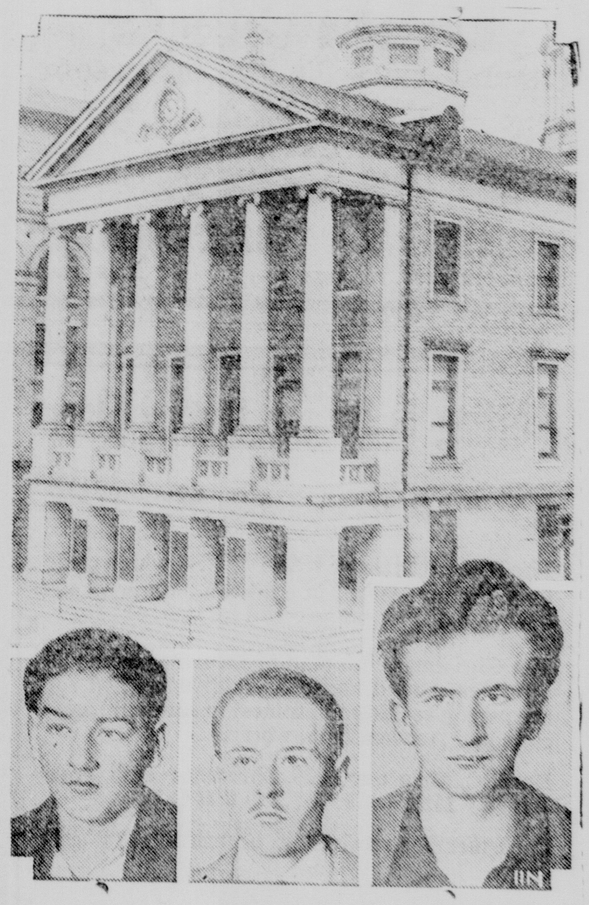
"Witch" Death Defendants



Here is the new courthouse in York, Pa., where John Curry (left), John Blymer and Wilbert Hess went on trial for their life for the murder of Nelson D. Rehmeyer, wealthy recluse. The trio admitted, in their preliminary examinations, that they had slain Rehmeyer because he had "put a spell" upon a relative.

S.S.S. and Rheumatism
Simply don't get along together

You know it cannot be rubbed *away*

ARE you one of those unfortunates who suffer with pains in your muscles and joints, commonly called rheumatism, making you miserable, less efficient, interfering with your working hours, ruining your sleep?

You may have tried many things without relief. Why not try S.S.S.?

For more than 100 years S.S.S. has been giving relief in thousands of cases, as testified to in unsolicited letters of gratitude.

"After suffering several years, six bottles of S.S.S. completely relieved me of rheumatism. It also cleared up a skin eruption and gave me a good appetite. I think S.S.S. is a wonderful medicine."—R. L. Busic, Southern Railway, Knoxville, Tenn.

"I was very nervous, had hardly any appetite, and suffered with rheumatism. I tried many medicines, but S.S.S. is the one that did me the most good. I am now well, and feel like a new man."—William Osborne, 2406 Sloan Street, Flint, Michigan.

—purely vegetable

S.S.S. is extracted from the fresh roots of medicinal plants and herbs and gives to Nature what she needs in building you up so that your system throws off the cause.

All drug stores sell S.S.S. in two sizes. Get the larger size. It is more economical.

National Park Ranger Speaks

Tells Of Animal Life In Great Yellowstone Park At Kiwanis

"Wild Animal Life In Yellowstone National Park" was the subject of the interesting address that Phillip Martindale, who for many years was the chief ranger of that expansive area but who now lectures on the wild life of animals there and other subjects during the winter months gave at the Kiwanis club Wednesday, under the auspices of the United Department of the Interior.

Mr. Martindale described different animals as he sees them through intimate studies of their life, tells how the rangers live during the summer and winter and how they protect the greatest of game preserves in the world.

Mr. Martindale's experience in the great snow-belt during the winter period and his ability as an entertaining speaker bring out something entirely new to the public. He also states that about 202 varieties of birds use the Yellowstone in summer and only about 25 species can live there in winter where the mercury at times drops down to from 35 to 60 below zero.

He gives an interesting account of one bird at least, who is a fisherman by trade and says he is the cleverest of birds; told of how the wild coyote stages a real vaudeville and how the beavers carry on their great engineering feats.

The address that Mr. Martindale gave at noon today was an entertainment with both humor and tragic things of wild life interwoven.

Slippery Rock

QUARANTINE LIFTED

The quarantine on church services has been lifted and services were held in each of the local churches last Sabbath. Communion services will be observed in the United Presbyterian and Methodist churches Sunday, January 13.

MEETING POSTPONED

The regular monthly social meeting of the Cross and Crown class of the Methodist church has been postponed on account of illness among the members.

OFFICERS INSTALLED

A unique plan was carried out in the installation of officers by four neighboring granges when a joint installation was held in the college chapel Tuesday evening, January 1. Worth, Plaingrove, West Sunbury and Slippery Rock were the participating granges and despite the prevailing sickness a large representation was present from each grange.

Howard Eiseman of Erie county, lecturer of Pennsylvania state grange, was present and took charge of the installation, which was put on in a very impressive manner.

The following masters were installed to have charge of their respective orders for the year 1929: Slippery Rock, Clair Gerlach; Worth, Harry Stickle; West Sunbury, Arthur Dunn, and Plaingrove, Gill McKissick. Mrs. Frank Patterson of Worth grange presided at the piano and furnished the music for the marches.

After the ceremonies, which required almost an entire evening, each newly-elected master was called upon for remarks and responded in turn. State Lecturer Eiseman made a short but inspiring talk. This is the third joint installation in which Slippery Rock grange has taken part. Two years ago Worth grange joined Slippery Rock grange in a double installation. Last year a triple installation was held at Worth grange with Plaingrove included and this year West Sunbury joined with the other three named.

SELL FARM

Mr. and Mrs. Frank Varnum have sold their farm on the New Castle road and have purchased the house and lot of Mr. and Mrs. David Pattison on Elm street. Mr. and Mrs. Varnum and family expect to move into their newly acquired property about the first of February. Mr. Pattison expects to build a new home on one of his adjoining lots.

Lady Is Thankful For The Benefits Ten Herbs Gave

Claims It Relieved Stomach Trouble, Pains, Nervousness And Headaches.

"I certainly am thankful for the benefits Ten Herbs gave me," was the recent statement of Mrs. E. G. Robinson, Route 3, New Castle, to the Ten Herbs Man, who is at Eckerd's

MRS. E. G. ROBINSON

of New Castle, Inc., 30 East Washington Street, this city, where he is daily demonstrating this celebrated natural medicine to crowds of men and women.

"I had suffered with stomach trouble for years," Mrs. Robinson continued. "Everything I ate nauseated me and filled me with gas. My digestion was so poor that I dreaded to eat. My nerves were in a serious condition. The least noise caused me to jump and my heart to beat badly. I was continually bothered with dark spots before my eyes. I suffered with severe headaches, which would last for days at a time and leave me very weak and tired. I was also subject to blind spells, during which I could do nothing. My rest at night was broken, and I felt weary and tired at all times.

"I read about Ten Herbs in the paper several times and finally decided to give it a trial. I was surprised at the results your medicine gave me. My stomach is in such good condition that I can eat a hearty meal without having those sharp pains, gas, or retching. My nerves are a great deal stronger. Headaches have been relieved, and I no longer have dark spots before my eyes. I rest well at night and feel refreshed when I arise in the morning. I cheerfully recommend your wonderful medicine."

Every day the Ten Herbs Man receives messages of cheer and gratitude from former sufferers in this locality. Since using Ten Herbs, they no longer suffer with disorders of the stomach, liver, kidneys or bowels. This new liquid medicine is a splendid tonic for old and young—and children, too, who are somewhat past the infancy stage.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine.

FIRE SWEEPS EIGHT HOUSES IN VILLAGE

NEW PHILADELPHIA, O., Jan. 10.—For the third time since 1890, the business section of Sherrodsville, a village of 350 population, 17 miles east of here, was swept by a $25,000 blaze, which leveled eight buildings. An overheated stove in Mayor John D. Williams' hardware store caused the fire which was fought by bucket brigades. Mrs. Nora Thomas, night operator in the Crescent Telephone Company's exchange above the hardware store, and her daughter, Sylvia, 13, escaped in their night garments after sounding the alarm. A fire, July 27, 1911, destroyed 17 buildings at a $75,000 loss.

Kennedy, Mrs. Abbie Waddington of this city and William Houk, Jr., Fred, Harry, Charles, Raymond, Joseph and Walter Houk, all of this city.

Teachers Veto Idea Of Donating Time For Saturday Class

Majority Of Teachers Vote Against Board's Suggestion Of Donating Services

ELLWOOD CITY, Jan. 10.—At a teachers meeting which was conducted in the Lincoln school Wednesday afternoon the majority voted against donating their time to make up for the classes lost during the flu epidemic here.

The meeting was conducted by President Marie Christley and about 102 teachers were present. At the meeting of the board of education Tuesday evening Prof. W. Ray Smith superintendent of the local schools made the suggestion regarding Saturday morning classes to make up for time lost in school during the recent epidemic. The concensus of opinion among the teachers seemed to indicate that they would not mind Saturday morning classes if they received some remuneration for their services.

Another feature of the meeting was the reports by Delegates Richard Hawk and Dwight, Conner who attended the recent convention at Reading, Pa. They told of many new ideas of education and brought back a most interesting message to the local staff. Whether or not the Saturday morning classes will be conducted however is up to the decision of the school board.

Love Wins

Yale Man, Barred For Wedding, Is Happy Hubby

Mr. and Mrs. Thomas Long Wheeler Exclusive Central Press Dispatch to New Castle News.

NEW HAVEN, Conn., Jan. 10.—Education or love? Ask Thomas Long Wheeler—as a Central Press correspondent did.

Wheeler did not have to think twice.

"Love," he says. And "love!" he exclaimed as he grabbed the small hand of Miss Emily Brest, hurried to a justice, and was married.

Now, getting married is a big problem for any young man, but for Tom Wheeler, Yale student from St. Paul, Minn., it was a tremendous step with vast possibilities. For one thing, Yale university denies its students two luxuries—motor cars and marriage. Wheeler's resignation from the school virtually was automatic. Gone were his dreams of a Yale diploma. But he wasn't worried about that.

What concerned Tom more was the fact that his parents were dashing New Haven-ward in a frame of mind of which he could only guess. Tom is the son of Judge and Mrs. Howard Long Wheeler, St. Paul social lights. Emily's father is a New Haven housepainter.

The Wheelers arrived. They took a long and earnest look at the small, smiling blonde who was their son's new wife—and then congratulated Tom.

And Tom, barred from Yale, got a job with the telephone company.

Funeral Services For W. H. Clark On Wednesday

ELLWOOD CITY, Jan. 10.—Last rites for W. H. Clark of the Ellwood-New Castle road who passed away Sunday, were conducted Wednesday afternoon at 1:30 from his late home, with Rev. L. J. Baker officiating assisted by Rev. Hugh Maxwell of the Immanuel Reformed church.

Masses of lovely flowers testified as to the feeling of Mr. Clark's large circle of friends, in regard to his passing. He had been a member of the Trinity Lutheran church all of his lifetime.

Pallbearers were: H. J. Dambach, Dave Flinn, Fred Scheppele, B. Amalong, Louis McKim and Robert McCabe. Interment took place in the Oak Park cemetery in New Castle. Relatives were present from Newton Falls, Homer City and Butler.

Former Resident Dies This Morning

ELLWOOD CITY, Jan. 10.—W. O. Miller, aged 51, and prominently identified with the Slocum Hardware company here some years ago, passed away this morning at 12:30 at the Colombia hospital in Wilkensburg, a victim of pneumonia. He is survived by his son William A. Miller, Wayne B. Miller and a daughter Donabelle Miller of this city. His wife preceded him in death about a year ago.

Mr. Miller has a large circle of local friends, and was a member of the Trinity Lutheran church. Masonic lodge and the B. P. O. E. Funeral services will take place Saturday afternoon at 2 o'clock at Eaton's chapel in Wilkensburg. Interment will be made in the Woodlawn cemetery at Wilkensburg.

M. A. Bickett Heads Chamber

Annual Meeting Of Board Of Directors Of Chamber Results In Election

Members Of Old Board Are Discharged And New Members Recently Elected Will Act

ELLWOOD CITY, Jan. 10.—At the annual board of directors meeting which took place Wednesday evening in the Chamber of Commerce headquarters in the First National bank building, M. A. Bickett, member of general assembly and local agent for the P. and L. E. railroad was unanimously elected as head of that body. Mr. Bickett has been active in civic work for many years, and it is confidently expected by his many friends that he will fill his position as head of the Chamber of Commerce very successfully.

Other officers elected were: C. C. Davidson, vice president, and Loring Gelbach, treasurer. Both of these men are prominent business officials in the city, and the selection of the three to direct the destinies of the chamber for 1929 predicts a successful regime for that organization.

Members of the Merchants division met in the afternoon and discussed the idea of having a "Pay Up" week here probably the latter part of the month. This will be primarily in the interest of back charge accounts.

Largest Crowd At Evangelistic Service Wednesday

Appeal Of Evangelist Causes Many To Declare Their Faith At Close Of Sermon

ELLWOOD CITY, Jan. 10.—The largest attendance since the opening of the evangelistic campaign was attained last evening in the First Christian church when Rev. Graham Walker preached a stirring sermon on "Faith That Saves".

He stated in part: "There are two covanents, one written on the tablets of stone that God gave to Israel through Moses, a servant of God, and the one written on the human hearts which came through Jesus, the son of God. The faith that saves is not faith in the tenants of any man's religion, but faith in a living Jesus".

The song service was featured by two lovely solos: One by Mrs. Lyda, of Monongahela, entitled "In the Garden" and a solo by Ted Jones, "The Sinner and the Song".

At 7 o'clock this evening there will be the usual stereoptican views shown by Ted Jones. These views have been attracting considerable attention. Last night's picture on "The Way of Sorrows" were much enjoyed and tonight Ted Jones will show views on "The Boyhood of Jesus". The evangelist will chose as his subject for tonight, "The Repentance That Counts".

ROAD PROBLEMS ARE CONSIDERED

Matter Of Getting Larger Aid For Township Roads Is Urged

Milo Paden, well known road supervisor of Mahoning township will head the Lawrence County Road Supervisors' association for the next year, his election as president of that organization coming late Wednesday afternoon when the election of officers was held. He succeeds R. R. McGeorge who has been president for the past year.

Other Officers

With Mr. Paden the following officers will serve: First vice-president, John Neal of Pulaski township; second vice-president, D. M. Stewart of Big Beaver township; secretary, John W. Cox of Wilmington township; treasurer, W. A. McMahon of Taylor township; delegates to State association, Charles Houlette of Mahoning township, C. Dale Fullerton of North Beaver township. Alternates, Charles Emery of Scott township, F. G. McVey of Wilmington township.

Pass Resolutions

Two resolutions occupied the attention of the supervisors Wednesday afternoon, one to increase the dues of the association to $12.00 per year, and the other endorsing the movement to take one cent of the gasoline tax for the purpose of aiding the townships in the maintenance of roads.

The state president of the supervisors, R. S. Blackwood was the first speaker on Wednesday afternoon's program. He dwelt at some length upon the proposed one cent tax upon gasoline for aiding township roads and urged the association here to get back of the move. He quoted figures showing the income of the state highway department and said that enough revenue was coming into the treasury to warrant the township's getting more help.

Speaks On Revenues

State Senator George T. Weingartner spoke on the revenues of the state highway department and appropriatiosn for state aid and township reward. He reminded the supervisors that the highway department paid its own way out of funds received from gasoline tax, license plates, drivers and learners permits, and that out of these funds, not the general funds, were paid the expenses of road building and maintenance, interest on bonds, and redemption of bonds. The total of these expenditures, for the biennium, set by law, total just short of $24,000,000.00. Speaking of the state aid and township reward money Senator Weingartner said that he favored an increase in the amounts allotted but that he would like to see it possible for the townships to maintain as well as build roads out of such money.

Maintenance Man Speaks

Glenn Myers, of the State Highway department, an engineer who has charge of maintaining roads spoke briefly upon the best manner of maintaining dirt roads. Dragging, crowning, and ditching were touched upon and he urged the supervisors to exercise care in the work done on dirt roads to the end that the roads would last longer.

The Question box was then conducted with R. B. Fleming, engineer in charge of this district of the State Highway department answering the questions put to him. Many of the supervisors asked to be enlightened upon questions pertaining to their work and these questions Mr. Fleming answered.

Those Present

The attendance record of the convention showed the following present: Auditors, D. M. Stewart of Big Beaver township; Orlo Kaufman of Little Beaver township; Frank M. Glass of Mahoning township; C. W. Grim of Neshannock township; G. C. Martin and F. S. Paden, of North Beaver township, D. C. Bruce and J. C. Sankey of Plaingrove township; J. J. shields of Pulaski township; Albert Double and Robert P. Peebles of Scott township; E. L. Houk and John H. Black of Shenango township; George Rose of Taylor township; G. C. McConnell and Grover Stevenson of Washington township; J. C. Cunningham and C. J. Gotchen of Wayne township and Roy Thompson of Wilmington township.

Supervisors, W. A. McMahon, Fred C. Schmidt and W. Newswander of Taylor township, F. E. McCreary and Joseph C. Perkins of Union township; Sam Campbell and Frank Sholler of Washington township; Frank G. McVey and J. W. Hamilton of Wilmington township.

E. W. Moore and J. S. Winder of Plaingrove township; John Neal, Harry M. Thompson and P. H. McClenahan of Pulaski township; J. G. McKissick, C. G. Wimer and Charles N. Emery of Scott township; John C. Kennedy, Andy Carlson and C. M. Hartzell of Shenango township; Edward Boak, A. P. Gibson and Frank Houk of Slippery Rock township; Robert Buchanan, J. C. McKinney and D. S. Cosgrove of Big Beaver township; E. G. Young, J. A. Stunkard of Hickory township.

Balcer Wright and W. Bruce Wallace of Little Beaver township; Milo Paden, C. W. Houlette, J. A. Gibson and P. W. Theilman of Mahoning township; Edward J. Douglass, Paris C. McConnell and Edward Smith of Neshannock township; C. Dale Fullerton and H. B. Ewing of North Beaver township; G. R. Nagel and J. H. Weber of Perry township.

Commissioners Speak

Before the close of the meeting the county commissioners, Thomas J. McCullough, P. O. Elder and Calvin C. Boyd spoke but owing to recent illnesses Mr. Elder and Mr. Boyd said but little, Mr. McCullough speaking for the board.

He said that in some townships the township reward money had been used to advantage but that in some it had been wasted. He also said that the system of the county giving $1000.00 to each township for aid providing the township matched it, would be continued but said that a closer supervision upon the work done would be made.

The Story Of The Panama Canal—Part 16
Cleaning Up The Canal Zone

WHILE THE CAMPAIGN TO RID THE CANAL ZONE OF YELLOW FEVER WAS IN PROGRESS, THE AMERICAN MEDICAL AUTHORITIES WERE ALSO TRYING TO STAMP OUT OTHER CONTAGIOUS DISEASES, PARTICULARLY MALARIA, A FEVER TO WHICH MOST OF THE NATIVE PANAMANIANS WERE IMMUNE, BUT WHICH, IF UNCHECKED, WOULD HAVE TAKEN A HEAVY TOLL AMONG THE AMERICAN CANAL BUILDERS.

VACCINATION WAS MADE COMPULSORY. TONS AND TONS OF QUININE WERE SHIPPED TO THE ISTHMUS, AND EVERY EMPLOYEE AND ALL VISITORS TO THE ZONE WERE GIVEN THREE GRAINS OF THE DRUG A DAY, AND REQUIRED TO OBSERVE CERTAIN RULES OF HEALTH.

THE SANITARY OFFICERS CARRIED THE CAMPAIGN INTO THE CITIES OF PANAMA AND COLON WHICH, THOUGH NOT A PART OF THE CANAL ZONE, COME UNDER THE JURISDICTION OF THE AMERICAN MEDICAL AUTHORITIES. FIRST, THE FILTHY STREETS AND ALL RUBBISH, THE ACCUMULATION OF YEARS, WERE CLEANED UP AND THE HOUSES FUMIGATED.

THEN AN ADEQUATE SEWERAGE SYSTEM WAS INSTALLED, THE STREETS WERE PAVED, SANITARY REGULATIONS ENFORCED, AND A SUPPLY OF PURE WATER PIPED FROM RESERVOIRS IN THE HILLS. IT COST UNCLE SAM MANY MILLIONS OF DOLLARS TO CLEAN UP THE ISTHMUS, BUT TODAY THE CANAL ZONE SERVES AS A MODEL FOR HEALTHFUL CONDITIONS.

Sharkey-Stribling Bout May Be Cancelled

Sharkey Refuses Guarantee Slice

Garden Promoters Ask Jack Sharkey To Accept Cut From $100,000 Guarantee

NOT KEEN ABOUT SOUTHERN BATTLE

By SID MERCER
International News Service Staff Correspondent

NEW YORK, Jan. 10.—Uncertainty over the incubating heavyweight match between Jack Sharkey and Young Stribling at Miami Beach on February 27 was heightened today by Sharkey's refusal to accept a cut in the $100,000 guarantee offered by Tex Rickard a few weeks before the promoter's death.

Sharkey came down from Boston yesterday to attend the funeral. Neither Johnny Buckley, his manager, nor his legal representative accompanied him. He went into a conference with William F. Carey, vice president of the Madison Square Garden Corporation, and Colonel John S. Hammond, general manager of the Garden.

Sharkey emerged from the conference in a temper. To friends he confided that he had been asked to accept a cut in the guarantee offered by Rickard.

Sharkey Angered

Sharkey indicated that he thought this question should not have been put to him with Rickard's body lying downstairs, and that he told the Garden moguls he would send his attorney to talk to them.

Rickard came to some sort of an agreement with Sharkey before he left for Miami on December 26. He announced in Florida that Sharkey had accepted terms. It was a commonly accepted story that the Boston heavyweight had been guaranteed $100,000.

There now seems to be a doubt as to whether Rickard had put his offer in contract form before he died. Boxers and managers were accustomed to accepting Rickard's word as his bond.

If no contracts exist or only one man is signed the match is not likely to be completed now. It is only natural that the Garden Corporation, if it assumes complete responsibility, would reduce the heavy guarantees, now that Rickard's magic touch will be missing.

Sharkey says he isn't anxious to fight Stribling on southern soil, and won't do it unless the price he and Rickard agreed on is paid.

Franklin High Defeats Alumni

Ben Franklin High Quintet Defeats Ex-Stars 16 To 11 In Fast Encounter

Last night at Ben Franklin Junior High gym, the 1929 Ben Franklin High varsity basketball team proved superior to the 1928 team in a fast game. The final score was 16 to 11. In the preliminary the 7B-5 team defeated the 7B-4 team 8 to 3.

The Ex-High stars took the lead in the first half 7 to 2 when the Franklinites were unable to locate the hoops, with what few shots they were allowed. Grommes was substituted for George in the third quarter and things were different for Franklin High. Watson and Fabian played a good game for Franklin, as did Ostrosky, whose guarding was gilt-edged. Ruha and Kulick were the best for the Alumni.

In the preliminary game, two Interclass teams staged an interesting game, with the 7B-5 team taking the victory through the fine work of Thomas.

The summaries:

Ben Franklin 16		Alumni 11
George	F	Ruha
Cooper	F	Lascola
Watson	C	Deep
Fabian	G	McKissick
Ostrosky	G	Kulick

Field goals: Grommes 2, Watson, Fabian, Ruha, Kulick.

Fouls: Franklin 8 out of 14. Alumni 7 out of 19.

Substitutions: Franklin, Grommes for George. Alumni Rowe for Lascola, Williams for Deep, Leonhardt for Kulick.

Preliminary Game

7B5 8		7B4 3
Thomas	F	Evangelist
Chamberlain	F	McWilliams
Nygard	C	Hitchen
Perchnovich	G	Perry
Hackett	G	Annecillo

Field goals: Thomas 3, Evangelist, Perchnovich.

Fouls: 7B5, 1 out of 4; 7B4, 1 out of 8.

Substitutions: 7B5 Cartwright for Chamberlin.

New Wilmington To Meet Bessemer High On Friday

(Special To The News)

NEW WILMINGTON, Jan. 10.—In one of the most important games of the County Class B loop, the New Wilmington High school basketball team will play the Bessemer High school passers at Bessemer floor tomorrow evening.

Both New Wilmington and Bessemer loom up as possible champions of the circuit and while the game is one early in the season, its outcome will be watched with interest by the class B schools. So far this year, the local five has beaten its Alumni team and the Eastbrook combine and has lost to Punxsutawney by a close score.

With almost the same team as played last season, the college town basketeers expect to top the loop this year and local fans are looking for a victory tomorrow evening.

Coach C. H. Olsen will probably start his first team in the game and that will place Eagleson and Newton at forwards, Hutchison at center, and Davis and Patterson at guards. McGill, Hartwell, Neal, and McConnell may see action before the game is over.

Collom Will Be Re-Elected Head Of Tennis Body

(International News Service)

NEW YORK, Jan. 10.—Re-election of Samuel H. Collom of Philadelphia as president of the United States Lawn Tennis association was regarded as a certainty today following the announcement of the association through its New York offices that the nominating committee has named him for a second term. Louis J. Carruthers, treasurer, and Louis B. Dailey, first vice-president, were renominated, while James C. Stewart of Chicago was named for secretary to succeed Harry S. Knox, also of Chicago.

The election will be held at the organization's annual meeting in Boston on Feb. 8 and 9.

McLarnin-Glick To Meet Friday

(International News Service)

NEW YORK, Jan. 10.—The bout at Madison Square Garden tomorrow night between Jimmy McLarnin, Pacific coast lightweight, and Joe Glick of Brooklyn was reported to be almost a sell out today despite the blight cast on boxing by the death of Tex Rickard.

McLarnin was stopped by Ray Miller recently, while Glick has been wading through all sorts of opposition in his march toward Sammy Mandell's title. A match with the champion may be the reward for tomorrow night's winner. Neither is favored in the betting.

Jack Dempsey Ready To Issue Statement Concerning Fighting

Some Believe Dempsey Cannot Evade Promise Made To Late Tex Rickard

Dempsey's Permanent Retirement At This Particular Time Would Ruin Boxing

By DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, Jan. 10—Well into the afternoon hours of this day, Jack Dempsey is scheduled to issue his famous "I will" or "I won't" statement concerning the matter of his return to boxing. In brief, he has promised to give his answer to the question that has beset and confounded all boxing since Rickard's untimely death and the funny thing about this is that, unless I have been misinformed, Dempsey didn't know the answer himself last night.

In any case, he seemed unable to make a decision in talking the matter over with the man who is to issue his statement for him. The natural query is, why issue a statement at all unless he knows what he is talking about? When in doubt, say nothing, is a good rule for all men who find themselves in a tight spot and it is admitted that Dempsey's position is not without some slight discomfort.

To Answer Critics.

But he seems obsessed with the idea that he must orate at this time and so he may say "yes" and he may say "no" and, for all anyone knows, he may succeed in saying neither, which would be passing smart under the circumstances.

It appears to be an established fact in quite a few minds that Dempsey's come back ended the morning Rickard died but, as to that, there are a dozen different guesses covering the general situation. Mine happens to be that, if Dempsey announces a permanent retirement today, he will be making a real mistake. There is an old, old chestnut having to do with the expedience of crossing a bridge only when you come to it and I should say that it covers this case like mortgage.

Would Ruin Game.

Announcement of his intention to fight for the heavyweight title, on the other hand, would come most appropriately at this time, as it would have the effect of stabilizing an industry which has become somewhat skittish under the disconcerting blow of Rickard's passing. Coming on top of this event, an adverse statement by Dempsey now would be a crowning disaster. He is the lone remaining "convincer," with Rickard dead and Tunney retired. If he bows himself out permanently today, it will be emotionalism speaking, not judgment.

I doubt very much if he really knows whether the Garden Corporation is willing to stand behind Rickard's offer to him. It is to be doubted if he has given a well considered thought to the investments he has made at Miami Beach and others he still may make there. It is understood that, in addition to the dog track and other ventures he started with Rickard there, he is of a mind to carry through a deal for the purchase of a hotel at the winter resort.

Perhaps he thinks he will be too occupied with these various enterprises, including his aid in the promotion of the Sharkey-Stribling fight next month, to take up the business of fighting. All that can be said about this is that the success of the Sharkey-Stribling fight is associated with the success of his other ventures and that, obviously, he will do the Sharkey-Stribling fight very little good by declaring himself out of the heavyweight stakes.

However, we may be anticipating beyond all reason. It is understood that close friends counseled Dempsey along these lines last night and it may be that, by this afternoon, he will have arrived at a less hurried and more logical view of the situation.

Witherspoon Is Out Of Lineup; Finger Broken

(Special To The News)

NEW WILMINGTON, Pa., Jan. 10—John Witherspoon, star guard from Ben Avan, will not be able to play against Duquesne here tomorrow night it became known yesterday.

Witherspoon broke the little finger on his left hand in the Grove City game last Friday an X-ray photograph reveals.

He was used to relieve Tudor Lewis at guard and is a valuable player. He will not be able to play for at least three weeks.

All the other members of the Titan outfit are in good shape. While "Chick" Davies' Duquesne passers are given a slight edge in tomorrow night's game, Lawther's crew has looked impressive in early season game so that a close game may be expected.

New Athletics Room At High

As the days pass it appears as though the senior high school is making new improvement daily. The latest improvement is the new athletic room.

The new athletic room is in the basement of the school. The new room was a classroom before being converted into the new athletic room. It has in it four desks for Head Coach Phil H. Bridenbaugh, Faculty Manager Ralph Gardner, and Assistant Coaches Klee, and Thomas. Lockers have been placed in it for the equipments. The room also contains all the pictures of past athletic teams which represented New Castle.

The room is certainly a great improvement due to the fact that the old room was very small and crowded.

It will be interesting to hear the defense of the church treasurer who was entrusted with $40,000 meant for the heathen and turned it over to Wall street.

New Brighton Here Friday

New Castle High Varsity And Reserves To Meet New Brighton Friday Night

FIRST GAME SET FOR 7:15 O'CLOCK

By "BUGS" WALTHER

Friday night at senior high school gymnasium, the New Castle high school varsity and reserves will battle the New Brighton high teams. The New Castle Reserves-New Brighton Reserves game will start promptly at 7:15 o'clock.

The playing of the reserves game will give the fans an opportunity of seeing just what Coach Bridenbaugh has in the way of material for next year. McAuley, McIntosh, Weir, Vago, Ciccone and others will comprise the reserve quintet. New Brighton high reserves will be strong and a good game is anticipated.

The varsity game should be a lively affair. The New Brighton team, members of section III of the W. P. I. A. L., will give the New Castle quintet a hard battle. Coach Heider has a smooth working combination in the valley this season and in the preseason games has shown up fine.

Tomorrow night is "bargain night" at senior high school, and Faculty Manager Ralph H. Gardner is making preparations to pack them into the gymnasium.

On Saturday night the strong Altoona high quintet will be met here at senior high gym. The red and black tossers recently defeated Altoona high 24 to 14 at Altoona, and they hope to repeat this dose.

Five Veterans To Face Dukes

(Special To The News)

NEW WILMINGTON, Pa., Jan 10.—Leadership in the tri-state conference is at stake here tomorrow evening when "Chick" Davies' fast and powerful Duquesne University team meets Coach John Lawther's Westminster college passers.

Following a three-year possession of the conference title by the Dukes, Westminster stepped in last year and won the title. Whether or not Lawther's crew can repeat last year's performance depends much on the showing made tomorrow evening.

Meekin was lost by graduation in June and Connor, all-conference center, droped out of school. But the five men who will start the game against the Dukes are all veterans. Pictured above are Captain Charles Ayers, Canonsburg, guard; Tudor Lewis, Farrell, guard; Willlian. Crowell, Sharon, center; Glenn O'Donovan, Pittsburgh, forward; Kenneth Delahunty, Indiana, forward; and John Witherspoon, Ben Avon, guard.

Others who may be called on to replace the regulars are Rice, Csiesinki and Kocheran all of the championship Duquesne high team last year; Hamas, brother of Steve and Mike of Penn State fame; W. Lewis, Turtle Creek, flash; Hutchison, lanky center from New Wilmington and Michaels, another Turtle Creek product.

Mason Has Punched 15 Foes To Sleep

Dillon, Martin, Dunn, Powers And Others Included In His List Of Victims

CARPENTIER HOPES TO BEAT SMALLWOOD

By ED FRITZ

Fistic fans of New Castle who trot into Jolly bowl Monday night should see a rather hectic Evenin's Evenin' providing Johnny Mason, Scranton, and Ted Esterbrook, Niles, live up to their reputation as knockout distributors. Esterbrook has been strutting high and handsome while Mason has scored 50 per cent of his victories with a soporific wallop.

Two of the foes whom Mason has rocked to sleep with a lethal appetizer dangled forth in the form of a hand encased in padded horsehide are Young Jack Dillon, who fought Henry Firpo, and Nick Martin, who stopped two foes at Jolly bowl. Dillon passed out in four rounds and Martin heard the birdies chirp in seven rounds.

In fact, out of 30 fights that Mason has engaged in, all of which he won, 15 of his antagonists sustained knockouts and he won decisions in all others excepting one, which he lost on points. Included in the list of victories is one over Phil Herkert, who is a fairly good fighter, and the boy he lost to is Roy Williams.

Dillon was knocked down three times before a punch rocked him to sleep for 15 minutes. Against Mason Jack proved helpless and a right to the jaw turned the trick. Roy Wallace lost to Mason at Indianapolis and at Cincinnati, the "Dutch Windmill" distributed a man's sized beating to Johnny Powers. He was floored four times.

Beat Joe Delaney.

Another chap who tasted Mason's kayo is Tommy Dunn, who took the lethal dose also at Cincinnati, and Phil Herkert was polished neatly in ten rounds at Dayton where the fans raved over Johnny. Kenneth Taylor, sports editor for the Courant-Journal, Louisville, in a clipping graphically describes how Billy Ryan lost in a 10-round battle.

When Mason beat Joe Delaney at Dayton he shifted from a right hand attack and won with his left hand. The Herald states, and when he fought Roy Wallace a knockdown gave the former coal miner the award after a good fight. According to our friend Joe Nolan in the Cincinnati Enquirer:

"Mason outclassed Nick Martin, who put up a game but losing battle, took every round and scored several knockdowns. Martin was no match for the hard hitting Mason." The end came in the seventh. Every clipping sent here by Manager Johnny Creeley, who fought in the days of Patsy Brannigan, say good things about Mason.

Esterbrook had a good run of success in Chicago last summer and fall and only recently returned to Niles, his home town. A few weeks ago he stepped out at Erie and won from Chet Thomas. If Esterbrook can step with Mason he will be going some and will be in line for some lucrative bouts in spots where Mason is a favorite.

This Looks Interesting.

U. S. Carpentier and Chat Smallwood should furnish lots of action when they clash in the six-round semi-final. The boy with the battleship name shoots a right like a torpedo and rapiers a foe's face with his left. He will have to adopt a side-wheel position to combat the southpaw attack of the "blonde slapper" from Akron.

When apprised that Smallwood is a southpaw, U. S. replied: "It does not make any difference to me. I want to fight and the more fights I get the better I get, so toss in Mr. Smallwood." Chet is anxious to return to the bowl as it was here that he walloped Frankie Moran, the "iron man" from Pittsburgh.

Madge to Box Vivio.

About a week ago Larry Madge fought a welterweight in Cleveland and it was a knock-down-and-drag-out affair. His opponent and he were on the floor half a dozen times and the fight had the Clevelanders raving. When Vivio was calendared for action Madge accepted the fight and if Vivio stands up and fights back there should be a whale of a battle.

Tommy Ward and Tommy Harris, or the "Fighting Toms", of Pittsburgh will try to settle the much mooted question of superiority in a four-round bout and the first battle will introduce Tretretino, a newcomer, as a foe with George Lawson, a boy of color. George stepped out of his class to lose to Tom Farrow but says he will beat Lloyd, something Lloyd disputes.

Georgia Tech Has Stiff Grid Program For Coming Season

Golden Tornado Schedules Notre Dame For Game Next Fall

ATLANTA, Ga., Jan. 10.—After setting a Southern Conference pace for difficult football schedules for several years, Georgia Tech has completed a gridiron program for 1929 that eclipses even their current menu.

Eight conference games and one intersectional game, that with Notre Dame, compose it. Two new elevens are added to replace two 1928 foes who do not appear on the card.

The University of Florida, at present undefeated in the conference race and a team that will survive practically intact next year, and Mississippi A. & M., who always produce a sturdy team, are replacing Virginia Military Institute and Oglethorpe on the schedule.

Tech will open the season on October 5 against the Aggies, while North Carolina and Florida will follow in the order named. Tulane is fourth on the schedule.

Notre Dame once more is scheduled to play on Grant field by the old home-and-home agreement, Tech will meet Vanderbilt in Nashville next year. Alabama occupies approximately the same date as this year, and the old fixture with Auburn for Thanksgiving day will be renewed.

The schedule for 1929 follows:

Oct. 5—Mississippi A. & M. in Atlanta.
Oct. 12—North Carolina in Atlanta.
Oct. 19—Florida in Atlanta.
Oct. 26—Tulane in New Orleans.
Nov. 2—Notre Dame in Atlanta.
Nov. 9—Vanderbilt in Nashville.
Nov. 16—Alabama in Atlanta.
Nov. 28—Auburn in Atlanta.
Dec. 7—Georgia in Atlanta.

Engineers To Play Harlansburg Quint

Company B, 125th Engineer company, basketball team will play Harlansburg A. C. at the Armory hall on Friday night, immediately after drill. The Engineers are composed of Mayberry, Mitchell, Hawk, Munnell, Reed, and Palmer.

The Engineers have been holding practice sessions three times a week, and have a fast combination. Tonight the Engineers meet the Steel Mill team in a practice game at the Armory.

SORDS POINTS

Ping Bodie's Legs Finally Count Him Out

By JACK SORDS
Sports Cartoonist-Writer for Central Press and New Castle News.

Ping Bodie, former White Sox and Yankee slugger, is just another illustration of the fact that a baseball player lasts only as long as his legs. Ping retired from the San Francisco "Seals" still the heavy hitter of old, but fat and miserably slow in chasing flies and running the bases. Balls dropped all around him. He knew where he was supposed to go but couldn't get there fast enough.

Ping would have stayed in the big leagues much longer than he did but for the failure of his legs to respond. In fact he might still be up there if all he had to do was bat. How well he could "bust 'em" is well known. Moving around was another matter.

On being questioned by a sports writer some years ago as to the best manner of laying down a sacrifice, Bodie frankly answered that he didn't know how to bunt. He seldom had to resort to that game, so timely were his hits.

Collegians Win Over Rick Motors

Westminster Reserves Nose Out Rick Motors, 25-22; Castles Defeat Indians

COLLEGIANS PLAY EXCELLENT GAME

The Westminster College Reserve team defeated the Rick Motors of the City League, 25 to 22, in a fast battle at the M. M. C. A. floor on Wednesday night. The Castle defeated the Indians 13-12 in an exciting prelim contest. Both games were highly interesting.

In the preliminary game, the Castles led at the first half by a score of 6 to 5, and held their lead throughout the two remaining quarters, with Scheaffer, Hoose and Jiles leading the attack. The Uram brothers were the best bets for the losers.

The Westminster-Rick Motors game was a thriller from start to finish. At the end of the first half the count was deadlocked 13-13. In the third and fourth periods the work of Ciesynski former Duquesne High star, and Bair and Hutchinson gave the Westminsterites the lead and ultimately the victory. The Rick Motors tried hard to outsmart the Collegians, but they could not score effectively. Coen and Volesko were the only Rick Motors men able to tally in the third and fourth quarters. Hartman, Fraser and Coen led the Ricks in scoring, with Lewis, Hutchinson and Ciesynski the best for the Westminster Reserves.

The summaries:

Indians 12.		Castle 13.

AT DURHAM, N. C.—W. L. (Young) Stribling, Macon, Ga., heavyweight, knocked out Tommy Stone, Detroit, 2.

AT BOSTON—Joe Monte, Boston, won decision over George La Rocco, New York, 10.

Andy Lawrence, of Lawrence, Mass., kayoed Ruby Stein, New York, 8.

Chick Suggs, Newport, R. I., defeated Harry Devine, Worcester, Mass., 6.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

Steve Swetonic, Ambridge, Pa., who played a star game for Indianapolis, American Association last season has been purchased by the Pittsburgh Pirates, according to a Pittsburgh announcement today. In exchange Barney Dreyfuss, has sent Clyde Barnhart and another player, plus cash to Indianapolis.

Dan Carroll, manager of Jim Maloney and connected with boxing went before the Boston finance commission yesterday relative to charges of Emil Fuchs, Braves president concerning solicitation of brides for Sunday baseball legislation. His testimony was a complete reversal of a story that Fuchs had been asked $65,000 by Controller William Lynch.

Johnny Rodgers, Denver professional, turned in a 69 on the Sunset course at Los Angeles yesterday to lead the field of 300 amateurs and professional golfers when the half way mark for the 36 holes of qualifying play for the $10,000 Los Angeles open was reached. Riel Rolfe, amateur of Chicago was second as were John Junor, Portland and Jim Duncan, Los Angeles.

Tex Rickard was laid to rest yesterday in Woodlawn cemetery, Brooklyn, far from the roar of the man pack that shouted ravenously as boxers pranced, danced and punched in Madison Square Garden, New York. The services for the late boxing impressario were simple and exactly opposite to the elaborateness of the manner in which his worldly promotions were prepared and staged.

Jack Dempsey may announce definitely today that he will go through with the plans that the late Tex Rickard and he prepared for Jack's return to the ring in an effort to regain the heavyweight championship. At first inclined to believe he should abandon the attempt over the shock of losing his best friend, Dempsey is said now to consider it only appropriate to carry on as the promoter would have wished.

Ralph Greenleaf, former pocket billiard champion yesterday at New York won two block from Willie Hoppe, one-time balkline king in their special handicap billiard match. Greenleaf increased his total to 755 points against 242 for Willie at the end of the sixth block. Greenleaf is playing 1500 to Hoppe's 1200 points.

Wall Street has heard that backing interests which control 40 per cent of Madison Square stock is in favor of the selection of William F. Carey, now vice president as the new president of the corporation. He is the head of a brokerage firm and has been influential as an advisor to the late Rickard. Nomination of Carey follows the dismissal of the suggestion that Jack Dempsey might be selected to assume a titular position under Col. Hammond, acting general manager.

Johnny Creeley, manager of Johnny Mason, last night telephoned to Promoter Bill Jolly that Mason would arrive here Sunday morning to do his last workout at the Bowl gymnasium a day before the battle between Mason and Esterbrook which is billed for 10 rounds. Creeley was formerly a bantamweight and fought Patsy Brannigan, who headquartered in New Castle.

General Booth May Be Asked To Retire

Salvation Army Council On Verge Of Inviting Veteran Leader To Retire

(International News Service)

SUNBURY-ON-THAMES, Eng., Jan. 10.—Decisive action was taken by the "reform" faction of the Salvation Army today in the high council meeting to depose 72-year-old General Bramwell Booth supreme head of the Army.

The high council resolved to ask General Booth to retire, but he would be allowed to retain his title of "General."

It was learned from an official source that the president, vice president and five members of the high council would be appointed to a commission to see General Booth and suggest to him that he retire.

The modern child learns at its mother's knee that a mere pull won't make up for a shortage.

Over 1000 Decisions Made In Campaign

Final Meeting Of Week Will Take Place Friday Evening At 9 O'clock

There are now 1,002 people of New Castle who have made decisions for Christ and who will be received into the churches of the city Sunday, January 20, is the statement of the Rev. Dr. A. Earl Kernahan, who is conducting the visitation evangelism campaign in the city, following a meeting which took place Wednesday evening at the Elm street community center.

At the meeting at the Highland U. P. church Wednesday evening, the number announced was 961, but the report from the negro churches of the city had not as yet been totaled into the books. Three more reports will be heard before the campaign closes. This evening there will be a meeting at the Highland U. P. church another one Friday evening at 6:15 and still another Friday evening at 9 o'clock, both in the Highland church.

"All who had any part in the campaign, or who are interested in the work that the Christian people of New Castle are doing are urged to attend the final meeting of the week, which will take place Friday evening at 9 o'clock," the Rev. Dr. Kernahan says. "It will be a rather unique meeting, closing up a week of work rather than a week of meetings. It will be strictly informal. The final report of the week will be heard, and the grand total of the persons who will be received into the churches of the city will be announced. Many people will speak and I shall make my farewell address.

"I do not know how the campaign could go any better than it is going when one considers the circumstances. There is still a lot of illness in the city, and the work of some of the churches has been considerably hampered by this. As it is, we now have 17 white churches and four negro churches working in the campaign. The average number of workers in the campaign from each of the churches stayed at a high point in spite of the sickness. Of course, at some of the meetings there were empty chairs, but not many.

"This is a test, and I am sure that the people of New Castle have shown themselves not to be wanting. They have shown that they have not lacked in sincerity."

Patrolmen Hunt Hit-Run Driver Near Kane, Penna.

(International News Service)

KANE, Penna., Jan. 10. — Information obtained at a coroner's inquest near here last night sent state highway patrolmen on a search today in this vicinity for the hit and run driver of the automobile which struck and killed Charles Lewis, woodsman, December 31st. The coroner's jury established the manufacture, type and color of the car, a blue coupe.

Officers hope by the process of elimination to apprehend the driver who is believed to be a resident of this vicinity.

Hulme And Graham Ask Heavy Damages For Auto Injuries

John W. Hulme Asks $250 For Car And Prof. Robt. X. Graham, $10,000

As the result of an automobile accident on the New Castle-New Wilmington road last year, John W. Hulme and Prof. Robert X. Graham, of Westminster College, have entered suits at the prothonotary's office against A. C. Stewart of this city. Stewart was arrested by Deputy Sheriff William Reynolds on a capias issued to hold for bail and is now in the county jail, not yet having secured bail in the sum of $2,000, which is demanded.

According to the statement of claim Hulme was driving south near the residence of Thomas Hitchison, with Prof. Graham. Stewart was going north and tried to pass another car going in the same direction and ran into the Hulme car which was almost completely demolished by the impact.

Hulme escaped serious injury, but Prof. Graham was thrown against the windshield and sustained quite serious injuries, including cuts about the head and face, injury to his back and other parts of the body. As a result of his injuries he was compelled to undergo two operations and has spent over $500 for treatment.

Hulme is sueing for $250, the value of his car, and Prof. Graham is asking for $10,000, claiming that he has been permanently injured.

AN ORDINANCE

Widening the cartway of Moravia Street, between Division Street and the Big Run, and providing for the paving of the unpaved portions thereof, and for the payment of the costs and expenses of said paving and for assessment of the same upon the abutting properties.

SECTION 1. Be it ordained and enacted by the Council of the City of New Castle, Pa., that the cartway of Moravia Street, between Division Street and the Big Run, be and the same is hereby widened to the full width of thirty-three and one-half (33½) feet, by moving back the curb on the West side of the said cartway a distance of three and one-half (3½) feet, so that fifteen (15) feet of the said cartway shall lie East of the said present center line of said street and eighteen and one-half (18½) feet of the said cartway shall lie West of the said present center line of said street.

SECTION 2. That the portions of the said cartway which have never been paved and which lie between the curb line of the said street, as it now exists, and the new curb line, as established by this ordinance, shall be paved with paving material similar to the adjacent cartway, under specifications to be prepared by the City Engineer and approved by Council.

SECTION 3. The cost and expense of paving the unpaved portions of the said street, between the said points, shall be assessed against the abutting properties, according to the foot-front rule, and the said assessments are hereby appropriated to the payment of said work, which is to be done and paid for subject to the General Improvement Ordinance of the said City and its supplements and amendments and other ordinances relating to paving. The City's part or portion of the said work shall be paid for out of a fund to be provided for by Council.

SECTION 4. All ordinances or parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed.

I, Cordelia Zeigler Jones, City Clerk, do hereby certify that the above and foregoing ordinance has been regularly introduced and is now pending in the Council of the city of New Castle, Pa. In witness whereof, I hereunto set my hand and affix the seal of the city, this 10th day of January, 1929.

CORDELIA ZEIGLER JONES,
City Clerk.

N. Y. STOCKS

(International News Service)

NEW YORK, Jan. 10—Higher prices were quoted today for most of the speculative favorites which have been carrying the market higher in the last week or two. The best prices of the forenoon were made by the high-priced specialties at the opening of the market, Radio, Victor and Montgomery Ward leading the procession. The steel and motors stocks jumped to the front, and the electrical manufacturing stocks were again in demand.

Studebaker sold in good quantity around 85¾, a fractional rise from Wednesday's final price. Willys-Overland was well bought at 34 and Briggs came out in big blocks at 60. The "buying campaign" for Central Allow Steel was taken up vigorously, and the stock topped last year's best record when it rose to above 49. United States Steel sailed along to 165 as the "Street" discussed the prospect of a special dividend from the proceeds of the big tax refund of $26,000,000 paid over by Uncle Sam.

Local Men Will Serve As Jurors

Two New Castle men, J. Lee McFate and William J. Eakin, and one resident of New Wilmington, Andrew Wible, have been drawn to serve as petit jurors in the United States court in Pittsburgh for the two-week period of the special November term, beginning on February 4.

Unusual interest is attached to the panel issued owing to the fact that 12 men will be drawn from it to resume the next trial of the rum conspiracy in the Pittsburgh district.

Schedule Of Costs Displayed On Chart

Solicitor Robert White's chart at the legal department, city building, today shows costs of three municipal projects.

The costs are: Hazelcroft avenue, $1,457.60; Cascade street sewer, $7,114.92, and Haus avenue paving, $2,756.29.

BEN FRANKLIN HI-Y CLUB IS FETED

Members of the Ben Franklin Junior High School Hi-Y Club were entertained Wednesday at the home of William Thomas, advisor of the club, in Phillips Place.

A marshmallow toast occurred before an open grate fire in addition to other refreshments and an informal time. Later the boys, some 20 in number, came down to the Y. M. C. A., and enjoyed a swim.

SLIGHT ACCIDENT.

B. H. Mullen of 912 Martin street, reported to the police Wednesday that he was driving north on Liberty street at Madison avenue, when a car bearing Pennsylvania license S13-119 and going in the same direction, suddenly backed into his machine. Some damage was done.

Prince Wilhelm Of Germany Abandons Hopes For Crown

Logical Pretender To Throne In Reich And Prussia Loses Hope To Be King

REMARKABLE LETTER IS MADE PUBLIC

By WALTER DIETZEL
International News Service Staff Correspondent

(Copyright, 1929, by International News Service.)

BERLIN, Jan. 10.—Prince Wilhelm, aged 22, eldest son of the ex-crown prince of Germany, and logical pretender to the throne in the Reich and Prussia, seems definitely to have abandoned all hopes of ever restoring the Hohenzollern monarchy.

This, at least, is the interpretation placed today upon a remarkable letter of Crown Princess Cecile contributed to a series printed by the Berliner Lokalanzeiger and entitled "What German Mothers Feel Around Christmas Time."

The two notable passages of this letter which, according to the opinion of many German and neutral readers, seem to bear out motherly approval of her son's "facing hard facts," run as follows:

"He—Prince Wilhelm—is a student of the law, takes great interest in the history of his fatherland and holds the view that a young man in these days should, with all his mental gifts and power, render service to the community wherever he can make himself useful."

The crown princess concluded her letter by saying:

"You see, my life is filled with the duties of a mother and other tasks approaching me from without, so that no time is left for brooding or wailing oversad conditions. We all live in a period in which there have to be created values instrumental in aiding our country to march again at the head of European kultur."

LIGHTS CONFUSE AUTOMOBILE DRIVER

L. L. Dean, New Castle, R. D. 4, reported to the police Wednesday that he was driving east on West Grant street in front of 315 West Grant street, when the lights of a car going west blinded him to such an extent that his machine hit and damaged a car bearing Pennsylvania license 282-155 which was parked on Grant street in front of 315 West Grant street. Some damage was done.

Bessemer Bank Elects Directors

Annual Election Takes Place On Wednesday; Green President

Stockholders of the Bessemer State bank in Bessemer, Pa., held their annual meeting Wednesday afternoon, January 9, when directors were elected for the coming year and officers elected when the board of directors organized.

The directors re-elected are C. A. Stewart, F. R. Kanengeiser, Roy C. Wallis, A. H. Fullerton, J. Clifford Wallace, P. W. Griffin, Joseph Hannon, W. A. Eakin and Adolph Green.

Following the election of directors the board organized with the following result: President, Adolph Green; vice president, Roy C. Wallis, who takes the place of F. R. Kanengeiser; vice president, C. A. Stewart; cashier, Charles Weitz; assistant cashier, V. I. Mandich; teller, Frank Beale.

The Bessemer State bank balance shows a healthy condition and each year has shown an increase in the business done. President Green and the officers of the bank look forward to a further increase in 1929.

FORD COUPE IS STOLEN WEDNESDAY

Ford coupe, 1926 model, Pennsylvania license X8-075 driven by C. H. Elliott, 826 East Lutton street, was stolen last evening, according to the report made to the police from in front of the Colonial hotel on East Washington street between the hours of 8 and 12 p. m.

Leaders About Finish Naming Of Committees

Fight Exists Over Naming Stradtlander To Appropriations Chairmanship

COMPLETED LIST TO BE ANNOUNCED MONDAY

(International News Service)

PHILADELPHIA, Jan. 10.—Conferences were held here today between Governor John S. Fisher, Joseph R. Grundy, president of the Manufacturers Club, W. L. Mellon, of Pittsburgh, Charles Johnson, secretary of the Commonwealth, Edward C. Martin, chairman of the Republican State Committee, Senator Horace Schantz, of Allentown, president pro tem of the senate, and Speaker Aaron Hess of the house, to act upon patronage and committee assignments in the house and senate of the 1929 General Assembly.

Governor Fisher arrived during the night while Mellon reached here early today to join the various political leaders and their aides who have been arranging a tentative slate for the various committees. A Boyd Hamilton, secretary of the senate, Senator Schantz, Speaker Hess, General Martin, chief clerk Eugene F. White, of Chester, resident clerk Milton C. Burgner, of Chambersburg, and Albert Smith have been working on the assignments for the past three days.

Definite decisions regarding the 200 odd committee posts are expected to be reached by Friday and announced Monday night at the sessions of the legislature.

Reports of opposition to the assigning of William F. Stadlander, of Pittsburgh, to the chairmanship of the powerful appropriations committee continued to grow today. Despite the fact he has been promised the post for the past two years it was regarded as a certainty in local circles that Stadlander would be assigned to some other committee. The opposition is led by State Senator Max Leslie of Pittsburgh. Leslie is scheduled to confer with the party leaders during the day.

A LETTER ON NUTS.

January 8, 1928.

THE NEWS COMPANY,
Mr. Fred L. Rentz,
Mr. Rentz:

I have read your comments on the scarcity of black walnuts and the price at this time. I am trying to bring back old times when everyone had all the Hickory nuts and walnuts and chestnuts they could eat. My trees are only four years of age and less.

I have planted the following: six varieties of black walnuts; four varieties of English walnuts; four varieties of Hickory nuts; three varieties of chestnuts; nine varieties of European Filberts (Filbert bearing.)

I have also planted five acres in Thomas Black walnuts spaced about 60 feet apart. They are two years old. Also 60 Chinese chestnuts are planted 60 feet apart and three years old.

The chestnuts grew one burr last summer. I hope to get some nuts next fall. These chestnuts are the nearest blight-proof of all chestnuts. I have wondered why the Boy Scouts did not plant walnut trees instead of American Lorch. I have learned how to graft all nut varieties and it is mighty interesting work. I wonder if anyone in the county ever grew English walnuts that produced nuts?

Yours Truly,
RILEY W. PADEN,
Enon Valley, Pa.

WORD MAY HAVE BEEN CHANGED

The Editor:

I hate to complain when there was only one word changed in that last letter of inquiry. My notes say: "foxes will not stay in sections where there is blasting," while the article was made to read "foxes will not stay in sections where there is hunting," making it appear that I knew but little of the habits of foxes.

Now, if I have written "hunting" where "blasting" was meant to be, it is a real blunder. If it has been changed it is a mistake. Every student of nature knows that foxes do not object to being hunted and chased around a whole lot— in fact, they rather like it. But heavy blasting, such as we have in our quarries, is a different matter. I have not seen a fox track in Mahoning township in the last 30 years. They simply fade and stay faded. What is true of Mahoning township is true of most of the county.

If you have substituted the word "hunting" I might be pardoned for thinking of you somewhat as the sheep raiser's boy thought of his teacher when she asked him this question: "Johnny, if you had 13 sheep in a pasture and seven would jump out, how many would you have in the pasture?"

ARTHUR WRIGHT.

To Mr. Wright an apology from The News. The News does not doubt his knowledge of nature. That one word can affect an entire article is shown by the above.

DISCUSSES PROHIBITION

The Editor:

I do not intend to answer Mr. Hearst's offer of reward of $25,000 for the best plan to repeal the 18th amendment to the Constitution of the United States of America, but I will endeavor to give you some reasons why not. Among many others I gave four years of my life to make this the grandest country on the globe. We have it now and we shall keep it going on.

About ten or twelve years ago I voted for the national, state and county officials who gave us the 18th amendment.

But lest us first see the need and cause for this amendment. The Prohibition party strove for 60 years to organize a party who would give us temperance laws, but utterly failed. If the Democrat party had taken it up they never could have won. If the Republican party had espoused the cause eight years ago, one year would have done them up. But let us se how nicely God has brought it about.

All will remember when our sister states of the south got after this temperance question. They organized and adopted the 18th amendment and the states in the west and the north ratified as fast as their legislatures convened until 46 states had sanctioned it, when it was declared a part of the constitution, as much as any other article.

And there it will remain. Now I think every good loyal man and woman will say "yea, yea". But where is your proof? We can see all the proof we need in the last election. If we look it up in its true light, it is not a strictly Republican victory . . . . You cannot draw the lines on the strength of the Republican or Democratic parties. Neither does sectarianism count in the last campaign . . . . I see this as a triangle and it will not square up very well except to look at it in this way: that all loyal citizens of our great republic arose up in their right and power and ratified this 18th amendment to the Constitution of the United States once and for all.

Stocks Display Enormous Jumps

List Of 100 Industrial Stocks Show Value Jumps Of From 22 Billion To 32 Billion

REMARKABLE FACTS ARE BROUGHT OUT

By W. S. COUSINS
I. N. S. Financial Editor.

NEW YORK, Jan. 10.—A compilation of stock values just completed by Frazier Jelke & Co. shows that in the whirlwind markets of 1928 a list of 100 representative industrial stocks jumped in value from 22 billion dollars to 32 billions, nearly 50 per cent.

Two very interesting facts are brought out in this remarkable comparison: first, that current earnings and present income yields played little part in the advance, there being no such sensational expansion in the business and net income of the corporations under review.

Second, that the lead was taken by new and in many cases unproven stocks, which flashed through the speculative skies like meteors, though still in the speculative class. They have the most powerful financial backing, and big things are promised for stocks which have jumped sensationally into the 200 and 300 class almost over-night.

The motor, mercantile, utility and electrical manufacturing stocks were great favorites during the year, but in many cases they had fired their big guns in 1927, and had little ammunition left for a strong market display in 1928. The rails were laggards and the steel stocks stood on their reputation won as the bell-wethers of the forward movements of other years on the big board.

Big Increases Shown.

Seven of the 13 groups in the hundred stocks under review showed increases in market value greater than the average gain of 46.5 per cent, according to the Frazier Jelke report. The amusement stocks registered a net gain of 192.8 per cent for the year. Mining stocks gained 102 per cent, utilities 85 per cent, merchandise 67.7 per cent, electrical manufacturing 65.4 per cent, motors 55.6 per cent, industrials 51.3 per cent.

An important factor in the tremendous enhancement of industrial stock values was the increase of 26 per cent in total shares outstanding brought about by the expansion thru mergers and new distributions in the form of stock dividends. Approximately 60,000,000 shares of new stock were distributed through the stock dividend route last year.

Six in Billion Class.

At the end of the year, six American industrial corporations stood in the billion-dollar class as measured by the total market value of their outstanding common stock. General Motors, heading the list, is almost as big as any other three in the list, the relative standings of which is as follows:

Stocks	Total value
General Motors	$3,636,500,000
American Tel & Tel	2,535,000,000
General Electric	1,579,209,000
Standard Oil of N. J.	1,318,626,000
U. S. Steel Corp	1,138,372,000
Consolidated Gas of N. Y.	1,127,520,000

On the border land, or in the near-billion dollar class, we find a number of well known railroad and industrial corporations, including Standard Oil of California valued at $906,768,000

New York Central R. R.	866,558,000
Pennsylvania Railroad	842,512,000
F. W. Woolworth Co.	834,600,000

Standard Oil of New York	770,355,000

Wampum Boy Scouts Will Have Second Hike Of Year On Saturday

The Wampum Boy Scouts started the year on last Friday evening when a very successful and instructive meeting was held.

The act of re-registering the troop is in progress and this year's applicants will make it the largest the troop has ever been. The program for the year is also the fullest and most complete system this troop has ever had.

In reviewing the records for the past year shows a slight decrease in hikes for which this troop has been noted. Eighteen-day hikes, five overnight hikes and five boys in the Lawrence county camp during the summer.

This charter will make the ninth one to be applied for by the local troop, still retaining the original leader.

The troop invites visitors at all times, either individually or as a group. What are the scouts doing. Do you know? If not drop around to your nearest troop and find out.

The Wampum Boy Scouts wil hold their second hike of the year on next Saturday, at which time the boys will have the opportunity of passing the following tests: Fourteen mile hike, knife and hatchet, fire building, cooking, tracking, compass and signalling.

Leaving the headquarters at 10:30 a. m. the boys will hike four miles due west, then three miles northwest.

The Wampum Boy Scouts have accepted the invitation extended by the Chewton Christian church and will atend that church in a body on next Sabath evenig at 7:30 p. m. Rev. Durbin has issued the invitation and will present the sermon on behalf of the boys.

The Woman's Home Missionary Society of the Wampum M. E. church will meet at the home of Miss Lilly Guy this evening at 7:30 o'clock.

To Begin Revival Service In First Free Methodist

Revival meetings at the First Free Methodist church will begin Sunday, January 13th, and will continue indefinitely. Rev. H. P. Thomas of Eldred, Pa., has been engaged as the evangelist. Rev. Thomas is a preacher of more than ordinary ability. He is a very able preacher and has had splendid success, both as a pastor, and also in the evangelistic field.

This meeting promises to be one of unusual interest, and a gracious ingathering of souls is anticipated.

Rev. Thomas will preach his first sermon of the evangelistic campaign, Sunday morning at 11 o'clock.

COUNTY AUDITORS ARE ON 1928 BOOKS

County Auditors R. C. McCaslin, Jr., A. Scott Kildoo and William J. Eroe, Jr., have started work on the audit of the books of court house officials for the year 1928. The books of County Treasurer Adda M. Smiley were first taken up.
